In the event that any petitions of remonstrance containing in the aggregate the signatures of the twenty-five per cent of the registered electors of the city be presented to the clerk within said period of sixty days, the council must submit the ordinance, as is provided in Article 15, of this charter, to the vote of the electors of the city, either at the next regular municipal election or at a special election to be called for that purpose, and such ordinance shall not go into effect or become operative unless a majority of the qualified electors voting on the same shall vote in favor thereof. MESSAGE FROM THE GOVERNOR.

The following message was received from the Governor:

EXECUTIVE OFFICE, SACRAMENTO, CAL., March 8th, 1911.

To the Senate of the State of California:

I return herewith without my approval Senate Bill No. 673, entitled "An Act to regulate bakeries or bakeshops," etc.

By the first section of the Act in question, it is provided, among other things: "No cellar or basement not used as a bakery on the date of the passage of this Act shall be used as a bakery hereafter; and no cellar or basement used as a bakery on and after the date of the passage of this Act, shall, when once closed or used for another purpose than that of a bakery, ever again be opened or used for a bakery." The other provisions of the Act relate to the sanitary conditions of bakeries, rooms used for the manufacture of flour, meal, etc. With the sanitary conditions imposed by the Act, I am in full accord. I find, however, that under an Act now in force, approved March 6, 1909, conditions even more stringent than those set forth in Senate Bill No. 673 were imposed, and upon investigation, I have ascertained that the conditions imposed by the Act of 1909 are being enforced by the State Board of Health. The Senate bill which I have this day vetoed places the duty of enforcement of the provisions thereof upon the Commissioner of the Bureau of Labor Statistics. I believe sanitary conditions can be better enforced by the State Board of Health, as provided in the Act of 1909.

My principal objection, however, to your bill is found in its prohibition of the use of a cellar or basement for the purposes named. I take it the design of the Act is, after all, to provide for those who are engaged in the particular occupations mentioned, clean, wholesome and healthful places wherein to perform their work. If a basement shall be, as required by the Act of 1909, well plastered, ceiled, painted and washed, and maintained in clean, healthful and sanitary condition, properly lighted, drained, plumbed and ventilated, and "conducted with strict regard to the influence of such conditions, upon the health of the operators, employees, clerks or other persons therein employed, and the purity and wholesomeness of the food therein produced, kept, handled and sold," the purpose contemplated by your Bill No. 673 is fully accomplished; and the law now requires all of these things. The duty of enforcing that law is placed upon the State Board of Health. Under the law as it now exists, any evil endeavored to be reached by your bill can at once be remedied. In addition to the State law, many municipalities have stringent regulations upon the subject. In San Francisco there are two inspectors of bakeries, and local laws exist by the enforcement of which all that is sought by your Act may speedily and summarily be accomplished. In Los Angeles there are also local

ordinances, and an inspector whose duty it is to enforce them. It is represented to me that contracts are in existence, buildings in process of construction, in the city of Los Angeles, wherein, according to the plans, the particular bakeries are located on basement floors, and were your law to become operative, the damage done to the property would be quite irreparable. In nearly all of our cities, the hotels maintain their bakeries upon their basement floors, and maintain as well many other kinds of occupations there. It will be readily recalled by you, that barber shops, billiard halls, cafés, restaurants, and in some instances places of barter and sale are, in conjunction with hotels, conducted upon the basement floors, and in nearly every instance, the sanitary conditions have been carefully provided for so that those thus engaged may not suffer in health.

If the purpose of the law is as I have stated, that purpose is more broadly described in Section 1 of the statutes of March 6, 1909, and by that Act of 1909 more fully carried out without doing special injury or causing unnecessary hardship.

For the reasons given, I have vetoed the bill.

Respectfully submitted,

HIRAM W. JOHNSON,
Governor of California.

MINORITY COMMITTEE REPORT ON SENATE BILL NO. 965.

SACRAMENTO, Cal., March 8, 1911

MR. PRESIDENT: The undersigned members of the Judiciary Committee of the Senate, constituting a minority of said committee, to which committee was referred Senate Bill No. 965, being "An Act to regulate the issuance of restraining orders and injunctions and procedure thereon and to limit the meaning of conspiracy in certain cases," beg leave to submit the following minority report:

The bill provided that no injunction or restraining order shall be issued unless it is necessary to prevent irreparable injury to property or to a property right. It then proceeds to define property, and in the opinion of the minority of the Judiciary Committee to place an unconstitutional limitation upon property rights by the use of the following language: "And for the purposes of this Act no right to carry on business of any particular kind, or at any particular place, or at all, shall be construed, held, considered, or treated as property or as constituting a property right".

Under the Constitution of the State of California one of the first declarations of the people is "that all men are by nature free and independent and have certain inalienable rights, among which are those of acquiring, possessing, and protecting property, and pursuing and obtaining safety and happiness." The right of protecting property is therefore an inalienable one which is as dear to all Anglo-Saxon people as the right of life and liberty itself. We deny that it is within the power of the Legislature, by a legislative act, to say what is and what is not property. The right to carry on business if that business be a legitimate one is inalienable. The good will of a business owned by an individual, a co-partnership, an association, or corporation has been held to be property from time immemorial. In this respect we consider Senate Bill No. 965 an invasion of constitutional rights and an assault upon the right of property and we therefor respectfully recommend that the bill do not pass.

Respectfully submitted.

LEE C. GATES.
LEROY A. WRIGHT.
N. W. THOMPSON.
MIGUEL ESTUDILLO.
A. E. BOYNTON.
L. H. ROSEBERRY.

Said roll shall be kept in his office for public inspection.

(3) The assessor must make the abstract provided for in section (3678) of the Political Code. Should any such abstract or list be found to contain any instru-

Annual Estimate of City's Requirements and Revenue.

SEC. 53. On or before the first Monday in May in each year, or on such date in each year as shall be fixed by the council, the commissioner of public finance and supplies shall submit to the council an estimate of the probable expenditures of the city government for the next ensuing fiscal year, stating the amount required to meet the interest and sinking funds for the outstanding funded indebtedness of the city, and the wants of all the departments of the municipal government in detail, and showing specifically the amount necessary to be provided for each fund and department; also an estimate of the amount of income from fines, licenses and other sources of revenue exclusive of taxes upon property, and the probable amount required to be levied and raised by taxation.

The budget shall be prepared in such detail as to the aggregate sum and the items thereof allowed to each department, office, board or commission as the council may deem advisable.

Board of Equalization.

SEC. 55. The council shall meet at their usual place of holding meetings on the first Monday in August of each year, at ten o'clock in the forenoon of said day, and sit as a board of equalization, in order to examine the assessment book and equalize the assessment of property in the city. They must continue in session for that purpose, from time to time, until the business of equalization is disposed of, but not later than the last Monday in August. All complaints and protests by taxpayers against any assessments must be filed with the city clerk not later than the twentieth day of August. The said board of equalization shall have power to correct, modify, to lower, or to raise any assessment provided (1) that notice shall be given to the party whose assessment is proposed to be raised, and provided (2) where any person neglecting or refusing to make a statement in writing under oath as required by law or ordinance, setting forth all the real and personal property owned by or in possession of such person, and the assessor has, as it is hereby made his duty to do, made an estimate of the value of the property of such person, the assessment so made by the assessor shall not be reduced by the said board.

Annual Tax Levy.

SEC. 56. The council must finally adopt, not later than the first Tuesday in September, an ordinance levying upon the assessed valuation of the property in the city, subject to the provisions of this charter, a rate of taxation upon each one hundred dollars of valuation sufficient to raise the amounts estimated to be required in the annual budget, less the amounts estimated to be received from fines, licenses and other sources of revenue. It shall then deliver the assessment roll to the auditor and ex officio assessor, who shall compute and carry out the amount of the

tax so levied upon each parcel of property contained in said assessment roll. The corrected list for each tax shall be the assessment roll of said tax for said year, and it shall be certified by the auditor and ex officio assessor as being the assessment roll of said tax.

Limit of Tax Levy.

SEC. 57. The tax levy authorized by the council to meet the municipal expenses for each fiscal year shall not exceed, except as herein provided, the rate of one dollar on each one hundred dollars of the assessed value of all real and personal property within the city. Such levy shall be placed in the general fund, which may be apportioned by the council, except as otherwise provided in this charter.

Bond Tax. Library Tax.

SEC. 58. The council shall have power to levy and collect taxes in addition to the taxes herein authorized to be levied and collected, sufficient to pay the interest and maintain the sinking fund of the bonded indebtedness of the city and to provide for the establishment and support of free public libraries and reading rooms.

Cash Basis Fund.

SEC. 59. The council shall create and maintain a permanent revolving fund, to be known as the cash basis fund, for the purpose of putting the payment of the running expenses of the city on a cash basis. For this purpose the council shall provide that, from the money collected from the annual tax levy and from money received from other sources, a sum equal to not less than two and one half cents on each one hundred dollars of the assessed value of said property shall be placed in such fund until the accumulated amount in such fund shall be sufficient to meet all legal demands against the treasury for the first four months or other necessary period of the succeeding fiscal year.

The council shall have power to transfer from the cash basis fund to any other fund or funds such sum or sums as may be required for the purpose of placing such fund or funds, as nearly as possible, on a cash basis. It shall be the duty of the council to provide that all money so transferred from the cash basis fund be returned thereto before the end of the fiscal year.

Tax Liens.

SEC. 60. All taxes assessed, together with any percentages imposed for delinquency and the cost of collection shall constitute liens on the property assessed; every tax upon personal property shall be a lien upon the real property of the owner thereof. The liens provided for in this section shall attach as of the first Monday in March in each year, and may be enforced by actions in any court of competent jurisdiction to foreclose such liens, or by a sale of the property affected and the execution and delivery of all necessary certificates and deeds therefor, under such regulations as may be prescribed by ordinance; *provided*, that when real estate is offered for sale for city taxes due thereon, the same shall be struck off and sold to the city, in like case and in like manner and with like effect and with like right or redemption, as it may be struck off and sold to the state when offered for sale for state and county taxes, except that no certificate or receipt need be delivered to the State Controller, and the council shall have power to provide for the procedure to be followed in such sales to the city and redemption thereafter.

Duties of the Auditor.

SEC. 61. The auditor shall be ex officio assessor. As assessor he shall perform all the duties prescribed by this charter or by law for assessing property in the city for purposes of taxation. As auditor he shall keep and number a record of all demands allowed by him, showing the date of approval, amount and name of original holder, the number, on what account and out of what fund payable. He shall be required to be constantly acquainted with the exact condition of the treasury. He shall within one week after the close of each month, or oftener if required, report to the council the condition of each fund in the treasury. He shall keep a complete set of books for the city, in which shall be set forth in a plain and businesslike manner every money transaction of the city, so that he can tell at any time the exact condition of the city's finances. He shall make an annual report showing the sources from which the city's revenue was derived and how expended.

The auditor must prepare, countersign and deliver from time to time to the treasurer, and to every officer authorized by law to charge or collect any fee, commission, percentage, allowance or compensation for the performance of any official service or duty, as many receipts as may be required, charging therewith the treasurer or other officials receiving them. He shall draw and sign all warrants upon the treasury. Every demand against the city from whatever source, including the school department and the Vallejo free library, when allowed by the council or proper board, shall have stamped upon it the date of approval by such body and shall be signed by the president and secretary or clerk of such body and shall then be presented to the auditor, who shall satisfy himself whether the money is legally due and remains unpaid and its payment authorized by law and out of what fund. After such examination he shall approve or reject the claim in whole or in part and indorse

on such demand his approval or rejection over his signature, together with the date thereof. If it is approved the fund out of which it is to be paid shall be designated. If it is not approved, unless the party presenting it is willing to take in full for the entire demand the sum offered, the auditor shall reject it and return it with his reasons for rejection, to the body which originally authorized it; then, if it is allowed by a two-thirds vote of the entire body authorizing it, it shall be audited in the same manner as if it had not been rejected, provided the body had the authority to make the expenditure out of which the claim arose.

No demand upon the city treasury shall be considered, presented for action, or acted upon, allowed or approved unless it specified on its face each several item composing it and the amount and date thereof. Every demand on any fund shall be numbered and acted upon by the auditor in the order of its presentation to him; and when allowed either in whole or in part, the warrant therefor shall be numbered and entitled to payment out of said fund in the same order as allowed. No demand upon the treasury shall be allowed by the auditor in favor of any officer or other person, or any firm, company or corporation, or his or its assigns, who is in any manner indebted to the city upon an obligation due the city, without first deducting therefrom the amount of such indebtedness. He shall on application of any person indebted to the city, holding money payable into the city treasury or desiring to pay money therein, certify to the treasurer the amount thereof, to what fund applicable, and by whom to be paid. He shall charge the treasurer with the amount received.

It shall be his duty to apportion among the several funds all public money at any time in the city treasury, not by law or ordinance specifically apportioned and forthwith notify the treasurer of such apportionment.

If for any reason a warrant remains unpaid for a period of three (3) years, during all of which time funds have been available to meet it, the auditor may cancel it upon his records, but he must at the same time enter a record of it upon a book kept for that purpose, and should demand be made for payment of the claim involved at a subsequent date, draw a warrant in payment therefor against the general fund of the fiscal year then current.

Money to Meet Warrants.

SEC. 62. When the running expenses of the city have been placed on a cash basis, warrants payable on demand shall be drawn upon the treasurer, or against any funds in his hands, only when at the time of the drawing and issuing of such warrants there shall be sufficient money in the appropriate fund in the treasury to pay said warrants.

Disposition of Money Collected.

SEC. 63. Every officer collecting or receiving any moneys belonging to or for the use of the city shall settle for the same with the auditor on or before the last day of each month, or at more frequent intervals as may be directed by the council, and immediately pay all the same into the treasury, on the order of the auditor, for the benefit of the funds to which such moneys severally belong. When the last day of the month falls upon Sunday or a legal holiday, the said payments shall be made on the next preceding business day. The council may provide, in its discretion, for the deposit of the city moneys in banks in accordance with the state law.

Uniform Accounts and Reports.

SEC. 64. The council shall prescribe uniform forms of accounts, which shall be observed by all officers and departments of the city which receive or disburse moneys. Whenever an act shall be passed by the State Legislature calling for uniform municipal reports, the city authorities shall be governed thereby.

ARTICLE XI.

Form and Conditions of Contracts.

SEC. 65. (1) All contracts shall be drawn under the supervision of the city attorney. All contracts must be in writing, executed in the name of the city of Vallejo by an officer or officers authorized to sign the same, and must be countersigned by the auditor, who shall number and register the same in a book kept for that purpose.

Procedure in Making Contracts.

(2) The council shall, by ordinance, provide a regular and orderly procedure for the letting, making and satisfactory performance of all public contracts, to the end that the interests of the city may be properly safeguarded. Such procedure shall, among other things, provide for the making of proposals for doing public work and for furnishing material or supplies to the city on printed forms prepared and supplied by the city; for forms and requirements of affidavits of genuineness and good faith in making bids, with penalties for the disregard thereof; for proper security, in money or otherwise, to accompany bids, and the forfeiture thereof on failure to fulfill any contract; for the time and manner of receiving, opening, exam-

ning, declaring, rejecting, and awarding bids; for the signing and filing of an adequate number of copies of all contracts; and for the proper execution in favor of the city of sufficient bonds to ensure the faithful and satisfactory performance of every contract.

Endorsement of Auditor Upon Contracts.

(3) No contracts made, the expense of whose execution is not provided by law or ordinance to be paid by assessment upon the property benefited, shall be binding or of any force, unless the auditor shall endorse thereon his certificate that there remains unexpended and unapplied as herein provided, a balance of the appropriation or fund applicable thereto, sufficient to pay the estimated expense of executing such contract, as certified by the board or officer making the same. This provision shall not apply to work done, or supplies furnished, involving expenditure of less than two hundred and fifty dollars, unless the same is required by law to be done by contract at public letting. The auditor shall make such endorsement upon every such contract so presented to him, if there remains unapplied and unexpended such amount so certified by the board or officer making the contract, and thereafter such sum shall be held and retained to pay the expense incurred until the contract shall be fully performed. The auditor shall furnish weekly to the head of each department a statement of the unexpended balances of the appropriation for his department.

Progressive Payments on Contracts.

SEC. 66. Any contract may provide for progressive payments, if in the ordinance authorizing or ordering the work permission is given for such a contract. But no progressive payments can be provided for or made at any time which, with prior payments, if there have been such, shall exceed in amount at that time seventy-five per cent of the value of the labor done and the materials used up to that time, and no contract shall provide for or authorize or permit the payment of more than seventy-five per cent of the contract price before the completion of the work done under said contract and the acceptance thereof by the proper officer, department or board.

Public Work to be Done by Contract.

SEC. 67. In the erection, improvement and repair of all public buildings and works, in all street and sewer work, and in all work in or about streams, bays or water fronts, or in or about embankments or other works for protection against overflow or erosion, and in furnishing any supplies and materials for the same, or for any other use by the city, or in the purchasing of any supplies to be used by the city, when the expenditure required for the same exceeds the sum of five hundred dollars, shall be done by contract, and shall be let to the lowest responsible bidder, after advertising for five consecutive days in one newspaper for sealed proposals for the work contemplated or supplies to be furnished. Such notice shall distinctly and specifically state the work contemplated or supplies to be furnished; *provided, however,* the council may reject any and all bids, if deemed excessive, and readvertise for bids, or provide for the work to be done by the department of public works or the supplies to be purchased in the open market; but in no case shall such supplies be bought at a price as high as the lowest bid received from a responsible bidder. In case no bid is received the council may likewise provide for the work to be done by the department of public works or the supplies to be purchased in the open market.

Contracts for Official Advertising.

SEC. 68. The council shall let annually contracts for the official advertising for the ensuing fiscal year. For this purpose the council shall advertise for three consecutive days, setting forth distinctly and specifically the work contemplated to be done, and asking for sealed proposals therefor. The proposals shall specify the type and spacing to be used at the rate or rates named in the bids. The council shall let the contracts for such official advertising to the lowest responsible bidder publishing a newspaper in the city which is a newspaper of general circulation; *provided,* that the council may reject any or all bids if found excessive, and advertise for new bids; *and provided, further,* that except in cases made mandatory by any law of the state or any provision of this charter, the council may provide for publication by printed or typewritten bulletins which shall be posted in not less than three public places within the city. No bill shall be paid by the city for advertising in excess of the minimum rates charged other advertisers.

Contracts for Lighting.

SEC. 69. No contract for lighting streets, public buildings, places or offices shall be made for a longer period than one year, nor shall any contract to pay for electric light or any illuminating material at a higher rate than the minimum price charged to any other consumer during the life of said contract with the city be valid.

Collusion With Bidder—Effect on Officer.

SEC. 72. Any officer of the city, or of any department thereof, who shall aid or assist a bidder securing a contract to furnish labor, material or supplies at a higher price than that proposed by any other bidder, or who shall favor one bidder over another by giving or withholding information or who shall wilfully mislead any bidder in regard to the character of the material or supplies called for, or who shall knowingly accept materials or supplies of a quality inferior to those called for by the contract, or who shall knowingly certify to a greater amount of labor performed than has been actually performed, or to the receipt of a greater amount or different kind of material or supplies than has been actually received, shall be deemed guilty of malfeasance and shall be removed from office, and be forever ineligible to hold any office or employment in or under the city of Vallejo.

Penalty for Collusion.

SEC. 73. If at any time it shall be found that the person, firm or corporation to whom a contract has been awarded has, in presenting any bid or bids, conspired with any other party or parties, then the contract so awarded shall be null and void, and the contractor and his bondsmen shall be liable to the city for all loss or damage which the city may suffer thereby, and the council, or board, as the case may be, may advertise for a new contract for said work.

ARTICLE XII.

SEC. 77. (1) An applicant for a franchise, permit or privilege shall file with the council an application therefor, and thereupon the council shall, if it proposes to grant the same, advertise the fact of said application, together with a statement that it is proposed to grant the same, in one or more newspapers of the city. Bidding for the Franchise.

(3) At the time of opening the sealed bids, any responsible person, firm or corporation present in person, or represented, may bid for such franchise or privilege not less than one fourth of one per cent of the gross annual receipts above the highest sealed bid therefor, and such bid so made may be raised not less than one fourth of one per cent of the gross annual receipts by any other responsible bidder, and such bidding may continue until finally such franchise shall be struck off, sold and awarded by the council to the person, firm or corporation offering the highest percentage of the gross annual receipts arising from the use, operation or possession of such franchise; *provided*, that if, in the judgment of the council no advantage or responsible bid has been made, the council may withdraw such franchise from sale or advertise for new bids.

Free Competition in Bidding.

(5) No clause or condition of any kind shall be inserted in any advertisement of any franchise, permit or privilege offered for sale under the terms of this article which shall directly or indirectly restrict free and open competition in bidding therefor.

Service and Accommodation.

SEC. 80. The grant of every franchise, permit or privilege shall be subject to the right of the city, whether or not reserved in such grant, to make all regulations which shall be necessary to secure in the most ample manner the safety, welfare and accommodation of the public, including among other things the right to pass and enforce ordinances to protect the public from danger or inconvenience in the operation of any work or business authorized by the grant of the franchise, permit or privilege, and the right to make and enforce all such regulations as shall be reasonably necessary to secure adequate, sufficient and proper service and accommodations for the people and insure their comfort and convenience.

Regulation of Public Utility Rates.

SEC. 81. (1) The grant of every franchise, permit or privilege shall be subject to the right of the city, whether or not reserved in such grant to prescribe and regulate the rates, fares, rentals or charges made for the service rendered under such franchise, permit or privilege. The grant of every franchise, permit or privilege for a railroad, street railroad, or suburban or interurban railroad shall provide that all United States mail carriers when in uniform, and all policemen, firemen and employees of the electrical department of the city while in the actual discharge of their duties, be allowed to ride on all cars of such railroad within the boundaries of the city, without paying fare therefor and with all the rights of other passengers.

In no case, however, shall the value of the franchise, permit or privilege of the values commonly known as "good will" or "going value" be considered or taken into account in fixing such valuation. The grantee, his successors or assigns of any franchise, permit or privilege under this article shall be required in said ordinance to file monthly with the city clerk an itemized statement of the expenditures for new construction during the calendar month next preceding the filing of said statement; and said statement shall be verified by the oath of the president and secretary of the grantee, his successor or assign, if such grantee, successor or assign, be a corporation, or by the oaths of a majority of the members of the firm, if the said grantee, successor or assign be a firm, or by his oath, if the grantee, his successor or assign be a person. No costs of maintenance, operation, repair or renewal shall be considered to be a cost of construction. Street Sprinkling, Cleaning and Paving.

SEC. 85. Every grant of any franchise, permit or privilege in, over, under or along any of the streets, highways, or public places in the city for railroad, street railway, suburban or interurban railway purposes, shall be subject to the conditions that the person, firm or corporation exercising or enjoying the same shall sprinkle, clean, plank or replank, pave or repave, macadamize or remacadamize, oil or reoil the entire length of the street, highway or other public place used by the track or tracks of such railroad or railway, and between the rails, and for two feet on each side thereof, and between the tracks if there be more than one, and keep the same constantly in repair, flush with the street, and with good crossings, and such street work must be done with such kind of materials and in such manner as the council may by ordinance direct, at the same time and as a part of the same operation as the work on the remainder in width of said street, highway or other public place, to the satisfaction of the commissioner of public works.

A refusal to keep said books, vouchers and records in the manner provided above or to produce for inspection in the city of Vallejo said books, vouchers and records at all reasonable times for examination by the mayor, auditor, deputy auditor, accountants or other agents appointed by the mayor, auditor or council, shall work a forfeiture of the said franchise, permit or privilege.

SEC. 90. Every ordinance granting any franchise, permit or privilege shall provide for the termination and forfeiture thereof for any breach or failure to comply with any of the terms, limitations or conditions thereof, and in all such cases the council shall have power to declare the termination and forfeiture of any such franchise, permit or privilege, the same as though in each instance such power was expressly reserved; and wherever the charter shall provide that any ordinance granting a franchise, permit or privilege shall contain any terms or conditions whatsoever, the said terms and conditions shall be considered as included in said franchise, permit or privilege, whether or not specified in the ordinance granting said franchise, permit or privilege.

Ordinance in Plain Terms.

SEC. 94. No franchise, permit or privilege or license shall be considered as granted by any ordinance except when granted in said ordinance in plain and unambiguous terms, and any and every ambiguity therein shall be construed in favor of the city and against the claimant under such ordinance.

SEC. 95. All franchises, permits or privileges for railroads, street railroads, suburban or interurban railroads hereafter granted shall plainly specify on what particular streets, alleys, avenues or other public property the same shall apply, and all other franchises, permits or privileges shall so specify as far as practicable. License Tax.

SEC. 96. The city shall have the right to license or tax street cars, telephones, gas meters, electric meters, water meters and all other devices for measuring service;

also telephone, telegraph, electric light and power poles, subways, conduits and wires. The said license or tax shall be in addition to all other lawful taxes levied thereon or upon the property of the holder thereof.

Other Conditions May be Imposed by Council.

SEC. 97. Nothing in this charter shall be construed as prohibiting the council from inserting in any ordinance granting any franchise, permit or privilege such other conditions or requirements, not inconsistent with the provisions of this charter, as the council may desire to insert therein or the people may by the initiative indicate their desire to have so inserted.

Franchises for Railroads Other Than Street, Suburban or Interurban Railroads.

MESSAGE FROM THE GOVERNOR.

The following message was received from the Governor:

EXECUTIVE OFFICE, SACRAMENTO, March 8, 1911.

To the Senate of the State of California:

I return to you herewith without my approval Senate Bill No. 473, entitled: "An Act to repeal Title XV of Part IV of division third of the Civil Code of the State of California, and to add a new Title XV of Part IV, division third, of said Code in place thereof, relating to negotiable instruments."

As I understand the bill, it aims at a uniform law in relation to negotiable instruments. In many of its features, I believe the proposed Act to be excellent, but there are a few provisions of it which doubtless were inadvertently inserted that preclude me from approving it.

Section 3168 of the Act is as follows: "Where the instrument is made payable at a bank it is equivalent to an order to the bank to pay the same for the account of the principal debtor thereon."

Under that section, a promissory note made payable at a bank would operate as a check upon the funds in the bank of the maker of the note. This provision I believe to be vicious and dangerous, and I do not think the sponsors of the Act, at least in our State, would wish this to become California law. Aside from the inconvenience that would result from such a course, valid defenses to a promissory note might be rendered nugatory and general confusion arise in the matter of bank accounts.

Section 3083, defining a sum certain, might seriously interfere with the terms of the promissory notes that have become familiar to us in this State.

There are other minor defects in the bill, but the provisions of Section 3168 constitute the most potent objections.

For the reasons stated, I have vetoed the measure.

Respectfully submitted.

HIRAM W. JOHNSON,
Governor of California.

Message read, and ordered printed in the Journal.

PETITION.

The following petition was presented, and ordered printed in the Journal:

LARKSPUR TOWN SCHOOL DISTRICT.

MARIN COUNTY, CAL., March 10, 1911.

To the Honorable Senate of the State of California:

GENTLEMEN: In joint session, the seventh grade and the eighth grade improvement clubs of the Larkspur School, Marin County, California, unanimously protested against the abolition of the school holidays contemplated by Senator Holohan's Senate bill, for the following reasons:

First—These holidays are happy respites from the severe mental labor exacted by a school system that must employ an extensive and trying course of study to keep pace with the rapid strides of our country, and the abolition of these holidays would be a reversal of the growing necessity and demand for rest in the fearful industrial, business, professional, and school grind demanded to keep abreast of American activity and energy.

Second—Such a law, leaving the determination of the holiday to local boards of trustees, rather than a uniform holiday by the State, is likely to result in an inequality of school life disposed to breed sectional jealousies, bickerings, truancies, etc.

Third—These days are employed in our school and in most schools to arouse industrial and historical inquiry, and to awaken a spirit of patriotism and emulation of the noblest American life and thought, prompting, for several days approaching

the holiday, song and story, reading and recitative, picture and portrayal, capped by a cessation of school work for the day and the replacement of that work by excursions to city or country, intensely conducive to bodily and mental improvement.

Respectfully submitted,

CHARLES CLARK, Secretary.

FAITH VOORHIES, Secretary.

Approved: H. C. HALL, Principal

ZIEGLA HEYDENFELD,
President Seventh Grade Improvement Club

WM. BREIDHOFF,
President Eighth Grade Improvement Club.

MESSAGE FROM THE GOVERNOR—(OUT OF ORDER).

On motion of Senator Boynton, the following message from the Governor was taken up:

EXECUTIVE OFFICE.
SACRAMENTO, CAL., March 11, 1911.

To the Senate of the State of California:

I return you herein Senate Bill No. 240 and Senate Bill No. 241, each without my approval.

Senate Bill No. 241 repeals Section 603 of the Civil Code, while Senate Bill No. 240 adds a new section to the Civil Code to be known as 604a, and reenacts practically Section 603 as it has heretofore existed with additional provisions. Section 603 heretofore existing and the new enactment, Section 604a, relate to religious corporations. The last paragraph of your Act, Senate Bill No. 240, greatly enlarges the powers of these religious corporations, and among the enumeration of the new powers of such corporations occurs the following: "To receive bequests and devises for its own use, or upon trusts, to the same extent as a natural person may". You are all familiar, doubtless, with Section 1313 of the Civil Code, which provides that all dispositions of property to charitable or benevolent corporations, by any

testator, shall not exceed one third of the estate of such testator. The policy of our law, as embodied in Section 1313, represents the experience and wisdom of centuries. It is the policy, I believe, of almost every state in the Union. Our jurists have ever been united in upholding that policy and in insistence upon its continuance. Any enactment which may destroy Section 1313 of the Civil Code, or even menace it, I can not assent to. It is quite possible that your particular bill may be construed as not entrenching upon this provision of the Civil Code. The matter, however, I have submitted to the Attorney General and he advises me that he is in doubt as to whether or not the rule announced by Section 1313 will be affected by your bill and that he considers there is great danger to that section if Senate Bill 240 shall become a law. I do not believe we should menace such a salutary rule, and for that reason, I have vetoed the two bills.

Respectfully submitted.

HIRAM W. JOHNSON,
Governor of California.

Message read, and ordered printed in the Journal.

The question being, "Shall the bill become a law, notwithstanding the objections of the Governor?"

The roll was called, and the Governor's veto to Senate Bill No. 240 sustained by the following vote:

QUESTION OF PERSONAL PRIVILEGE.

I voted thus in order that I may consistently continue to support the amendment to Section 1313 of the Civil Code, embodied in Senate Bill No. 1171, now pending before the Senate, and for no other reason, and with no diminution of my high respect for the views of the Governor.

The people of the State of California, represented in Senate and Assembly, do enact as follows:

SECTION 1. Section 1729 of the Political Code of the State of California is hereby amended to read as follows:

1729. Two or more contiguous high school districts in the same or in adjoining counties may be united to form a single union or joint union high school district by proceedings taken as hereinafter provided. Whenever a petition signed by two thirds of the high school board of each of two or more contiguous high school districts, asking that said high school districts be united to form a single union or joint union high school district under a name to be stated in the petition, and stating the location of the high school agreed upon by said high school boards shall be presented to the superintendent of schools who would have jurisdiction of an original petition for the formation of a high school district out of the territory comprised in the high school districts so petitioning, said superintendent of schools shall within twenty days, call an election for the determination of the question. Such election shall be held separately in each of the school districts composing said high school districts so petitioning, and shall be called and held as provided in section seventeen hundred twenty-seven, except that the ballots shall state the location of the high school as described in the petition to the superintendent of schools and shall contain the words "For the Union of High School Districts—Yes" and "For the Union of High School Districts—No." Said superintendent of schools shall canvass the returns and file his certificate of the result as directed by section seventeen hundred twenty-seven. If the majority of the votes cast at such election are in favor of the union of such high school districts, the high school districts so petitioning shall, from the time of filing such certificate, be united to form a single union or joint union high school district under the name stated in the petition. Thereupon the high school board shall be elected and organized as provided in sections seventeen hundred thirty and seventeen hundred thirty-one. Also a union high school district which lies contiguous to or adjoining a high school district of an incorporated city or town in any county, may be annexed to, consolidated and merged with said high school district of such incorporated city or town. Whenever a majority of the heads of families residing in any union high school district which lies contiguous to or adjoining a high school district in any incorporated city or town in the same county, shall present to the superintendent of schools of said county a petition asking for the annexation, consolidation and merger of such union high school district with such high school district of such incorporated city or town, and which petition is accompanied by an agreement signed by a majority of the members of the board of education or board of school trustees of such incorporated city or town and consenting and agreeing to such annexation, consolidation and merger, and setting forth the terms and conditions upon which such annexation, consolidation and merger shall be made, such superintendent of schools shall,

after verifying the signatures thereon and finding them sufficient, transmit such petition and agreement to the board of supervisors of said county with his recommendation thereon. Such board thereupon, in their discretion, may make an order annexing, consolidating and merging, for high school purposes such union high school district with such high school district of such incorporated city or town, and such merged, consolidated and combined district shall take the name and thereafter be known by and under the same name as the high school district of such incorporated city or town; *provided*, that all bonded indebtedness of either of said districts and all interest thereon shall be paid by the district which incurred the same as though such consolidation and merger had not occurred, then the consolidation and merger of such union high school district with the said high school district of such incorporated city or town upon the terms stated in such petition and agreement shall be complete and valid by virtue of the order of said board of supervisors duly entered in its minutes.

Such annexation, consolidation and merger may be made at any time irrespective of the provisions of Section 1577 of the Political Code of the State. After any such union high school district has been so annexed to, consolidated and merged with any such high school district of any incorporated city or town, such territory of said union high school district so merged and consolidated shall be deemed to be a part of said city or incorporated town for high school purposes and for all matters connected with the high school department thereof, and for the purpose of assessing, levying and collecting property taxes for the high school funds of such city or incorporated town and for the purposes specified in Sections 1880 and 1888, inclusive, of the Political Code.

Whenever a union high school district shall be annexed to consolidated and merged with a high school district of an incorporated city or town as hereinabove provided, the governing power and control of such union high school district shall thereafter be merged and vested in the board of education or board of school trustees of such incorporated city or town, and all funds belonging to said union high school district shall be transferred by requisition of the school superintendent of the said county, upon the county auditor to the credit of the proper funds of such incorporated city or town with which said union high school district has been merged, consolidated and annexed and thereafter said high school district of said incorporated city or town shall have the benefit of and shall be entitled to enforce and collect in its own name all obligations and contracts then existing in favor of such union high school district and shall also assume and be responsible for the payment or performance of all debts, obligations and contracts outstanding or existing against said union high school district, excepting only the bonded indebtedness then outstanding and existing against said union high school district, and shall thereafter govern and control all the property of said union high school district.

The said board is hereby authorized and empowered to make conveyances, leases, contracts or other assurances for all property acquired by it under the provisions of this Act, in the name of such irrigation district, to and for the uses and purposes herein expressed, and to institute and maintain any and all actions and proceedings, suits at law or in equity necessary or proper in order to fully carry out the provisions of this Act, or to enforce, maintain, protect or preserve any and all rights, privileges and immunities created by this Act, or acquired in pursuance thereof. And in all courts, actions, suits or proceedings, the said board may sue, appear and defend in person or by attorneys, and in the name of such irrigation district. It shall be the duty of said board to establish equitable by-laws, rules and regulations for the distribution and use of water among the owners of said lands, which must be printed in convenient form for distribution in the district. Said board shall have power generally to perform all such acts as shall be necessary to fully carry out the purposes of this Act.

And thereafter said board when petitioned by a majority of the holders of title, or evidence of title, to lands within the district, such holders of title, or evidence of title, representing a majority in value of said lands according to the equalized assessment roll of the district if such has theretofore been made, and if such has not been made, then according to the equalized county assessment roll covering the lands of such district, shall immediately call a special election, at which shall be submitted to the electors of such district, possessing the qualifications prescribed by this Act, the question whether or not the bonds of said district in the amount as set forth in said petition shall be issued. Notice of such election must be given by posting notices in three public places in each election precinct in said district for at least twenty days, and also by publication of such notice in some newspaper published in the county where the office of the board of directors of such district is required to be kept, once a week for at least three successive weeks. Such notices must specify the time of holding the election, the amount of bonds proposed to be issued; and said election must be held and the result thereof determined and declared in all respects as nearly as practicable in conformity with the provisions of this Act governing the election of officers; *provided*, that no informalities in conducting such an election shall invalidate the same if the election shall have been otherwise fairly conducted. At such election the ballots shall contain the words "Bonds—Yes", or "Bonds—No", or words equivalent thereto. If a majority of the votes cast are "Bonds—Yes" the board of directors shall cause bonds in said amount to be issued; if a majority of the votes cast at any bond election are "Bonds—No", the result of such election shall be so declared and entered of record. Whenever thereafter a petition of the character hereinbefore provided for in this section is presented to the board it shall so declare of record in its minutes, and shall thereupon submit such questions to said electors in the same manner and with like effect as at such previous election.

Before making any sale the board shall, at a meeting, by resolution, declare its intention to sell a specified amount of the bonds, and the day and hour and place of such sale, and shall cause such resolution to be entered in the minutes, and notice of the sale to be given, by publication thereof at least three weeks in some newspaper published in the county where the office of the board of directors is located, and in any other newspaper, at its discretion. The notice shall state that sealed proposals will be received by the board at their office, for the purchase of bonds, till the day and hour named in the resolution. At the time appointed the board shall open the proposals, and award the purchase of the bonds to the highest responsible bidder; *provided, however*, that they may reject all bids. Said board shall in no event sell any of the said bonds for less than the par value thereof.

SEC. 4. Section thirty-four of said Act is hereby amended to read as follows:

Section 34. In case the money raised by the sale of bonds issued be insufficient or in case the bonds be unavailable for the completion of the plan of canal and works adopted, and the acquisition of the necessary property, waters and water rights therefor, and additional bonds be not voted, it shall be the duty of the board of directors to provide for the completion of said plan, and the acquisition of such necessary property, waters and water rights, by levy of assessment therefor; *provided, however*, that such levy of assessments shall not be made except first an esti-

mate of the amount required for such purposes has been made by said board, and the question as to the making of said levy submitted to a vote of the electors of the district. Before such question is submitted the order of submission shall be entered in the minutes of the board, stating the amount to be levied and the purpose therefor, and if submitted at a special election said order shall, in addition, fix the day of election. Notice of such election must be given by posting notices in three public places in each election precinct in said district for at least twenty days, and also by publication of such notice in some newspaper published in the county where the office of the board of directors of such district is required to be kept once a week for at least three successive weeks. Such notices must specify the time of holding the election, and the amount of assessment proposed to be levied. Said election must be held and the result thereof determined and declared in all respects as nearly as practicable in conformity with the provisions of this Act governing the election of officers; *provided*, that no informalities in conducting such an election shall invalidate the same, if the election shall have been otherwise fairly conducted. At such election the ballots shall contain the words "Assessment—Yes," or "Assessment—No," or words equivalent thereto. If a majority of the votes cast are "Assessment—Yes," the board of directors shall cause an assessment in the amount named in the order of submission to be levied; if a majority of the votes cast are "Assessment—No," the result of such election shall be so declared and entered of record."

In order to propose the organization of an irrigation district, a petition shall be presented to the board of supervisors of the county in which the lands within the proposed district, or the greater portion thereof, are situated, signed by the required number of holders of title, or evidence of title, including such aforesaid possessory rights, to lands within such proposed district, and representing the requisite majority in value of said lands, which petition shall set forth generally the boundaries of the proposed district, and also shall state generally the source or sources (which may be in the alternative) from which said lands are proposed to be irrigated, and shall pray that the territory embraced within the boundaries of the proposed district may be organized as an irrigation district under the provisions of this Act. The petition may consist of any number of separate instruments and must be accompanied with a good and sufficient undertaking to be approved by said board of supervisors, in double the amount of the probable cost of organizing such district, conditioned that the sureties shall pay all of said costs, in case said organization shall not be effected. Said petition shall be presented at a regular meeting of said board, and shall be published for at least two weeks before the time at which the same is to be presented, in some newspaper of general circulation printed and published in the county where said petition is presented, together with a notice stating the time of the meeting at which the same will be presented, and if any portion of the lands within said proposed district lie within another county or counties, then said petition and notice shall be published, as above provided in a newspaper published in each of said counties. No defect in the contents of the petition or in the title to or form of the notice or signatures, or lack of signatures, thereto, shall vitiate any proceedings thereon, provided such petition or petitions have a sufficient number of qualified signatures attached thereto. On the final hearing said board shall make such changes in the proposed boundaries as may be deemed advisable, and shall define and establish such boundaries. But said board shall not modify said boundaries so as to exclude from such proposed district any territory which is susceptible of irrigation from any of the sources proposed; nor shall any lands which will not, in the judgment of said board, be benefited by irrigation, by means of any of said systems of works, be included within such proposed district. Any person whose lands are susceptible of irrigation from any of the proposed sources, may, upon his application, in the discretion of said board, have such lands included within said proposed district."

SENATE CONCURRENT RESOLUTION NO. 18

Inviting the National Encampment of the Grand Army of the United States to hold its forty-sixth annual encampment in the city of Los Angeles, California.

WHEREAS, The Grand Army of the Republic, representing and composed of the survivors of the great army of the Union which fought the battles for the integrity of the republic from 1861 to 1865, has, during its forty-five years of existence, held its annual encampments but twice on the Pacific coast, viz: San Francisco in 1886, and again in San Francisco in 1903, and

WHEREAS, The people of the State of California are desirous of again seeing this gallant body of men, ones the flower of the youth and manly strength of the country, now well advanced in years, as the guests of the State of California, that its people may be enabled to extend to them the hospitality of highly honored guests, and that the children of the State may have the opportunity of seeing those who have been spared of that grand army, thereby inciting them to an increased reverence to the principles of patriotism which a passing through our streets under the tattered battle-flags of a half century ago can not fail to inspire; and

WHEREAS, An invitation was extended by the Governor and the State Legislature to the National Encampment of the Grand Army of the Republic to hold its session in Los Angeles in 1911, but in the wisdom of the National Encampment it was found impossible to accept this invitation for that year; and

R., through its council of administration, have renewed their invitation to the Grand Army to hold its forty-sixth National Encampment in Los Angeles in 1912; now therefore, be it

Senate Constitutional Amendment No. 12— A resolution proposing to the people of the State of California an amendment to the Constitution of the State of California, abolishing the Railroad Commission, and creating a commission to be known as the Public Utilities Commission, to have power to regulate and control the business of furnishing certain commodities and performing certain services to or for the public, and to amend section twenty-two of article twelve, and repealing section twenty-three of article twelve of the Constitution of the State of California.

The following amendment was submitted by committee:

On page 1, in line 2, of the title, after the word "to" and commencing with the word "the", strike out all of the constitutional amendment to and including the

period at the end of line 156, on page 5, of the printed constitutional amendment, and insert in lieu thereof the following: "Section twenty-two of article twelve of the Constitution of the State of California creating a railroad commission and defining its powers and duties.

The Legislature of the State of California, at its regular session, commencing on the second day of January, one thousand nine hundred and eleven, two-thirds of all the members elected to each of the two houses of said Legislature voting in favor thereof, hereby proposes to the people of the State of California that section twenty-two of article twelve of the Constitution of the State of California be amended so as to read as follows:

Section 22. There is hereby created a railroad commission which shall consist of five members and which shall be known as the Railroad Commission of the State of California. The commission shall be appointed by the Governor from the State at large; *provided*, that the Legislature, in its discretion, may divide the State into districts for the purpose of such appointments, said districts to be as nearly equal in population as practicable; *and provided*, further that the three commissioners in office at the time this section takes effect shall serve out the term for which they were elected, and that two additional commissioners shall be appointed by the Governor immediately after the adoption of this section, to hold office during the same term. Upon the expiration of said term, the term of office of each commissioner thereafter shall be six years, except the commissioners first appointed hereunder after such expiration, one of whom shall be appointed to hold office until January 1, 1917, two until January 1, 1919, and two until January 1, 1921. Whenever a vacancy in the office of commissioner shall occur, the Governor shall forthwith appoint a qualified person to fill the same for the unexpired term. Commissioners appointed for regular terms shall, at the beginning of the term for which they are appointed, and those appointed to fill vacancies, shall, immediately upon their appointment, enter upon the duties of their offices. The Legislature shall fix the salary of the commissioners, but pending such action the salaries of the commissioners, their officers and employees shall remain as now fixed by law. The Legislature shall have the power, by a two-thirds vote of all members elected to each house, to remove any one or more of said commissioners from office for dereliction of duty or corruption or incompetency. All of said commissioners shall be qualified electors of this State, and no person in the employ of or holding any official relation to any person, firm or corporation, which said person, firm or corporation is subject to regulation by said Railroad Commission and no person owning stock or bonds of any such corporation or who is in any manner pecuniarily interested therein, shall be appointed to or hold the office of Railroad Commissioner. No vacancy in the commission shall impair the right of the remaining commissioners to exercise all the powers of the commission. The act of a majority of the commissioners when in session as a board shall be deemed to be the act of the commission; but any investigation, inquiry or hearing which the commission has power to undertake or to hold may be undertaken or held by or before any commissioner designated for the purpose by the commission, and every order made by a commissioner so designated, pursuant to such inquiry, investigation or hearing, when approved or confirmed by the commission and ordered filed in its office, shall be deemed to be the order of the commission.

Said commission shall have the power to establish rates of charges for the transportation of passengers and freight by railroads and other transportation companies, and no railroad or other transportation company shall charge or demand or collect or receive a greater or less or different compensation for such transportation of passengers or freight, or for any service in connection therewith, between the points named in any tariff of rates established by said commission than the rates, fares and charges which are specified in such tariff. The commission shall have the further power to examine books, records and papers of all railroad and other transportation companies; to hear and determine complaints against railroad and other transportation companies; to issue subpoenas and all necessary process and send for persons and papers; and the commission and each of the commissioners shall have the power to administer oaths, take testimony and punish for contempt in the same manner and to the same extent as courts of record; the commission may prescribe a uniform system of accounts to be kept by all railroad and other transportation companies.

No provision of this Constitution shall be construed as a limitation upon the authority of the Legislature to confer upon the Railroad Commission additional powers of the same kind or different from those conferred herein which are not inconsistent with the powers conferred upon the Railroad Commission in this Constitution, and the authority of the Legislature to confer such additional powers is expressly declared to be plenary and unlimited by any provision of this Constitution.

The provisions of this section shall not be construed to repeal in whole or in part any existing law not inconsistent herewith, and the "Railroad Commission Act" of this State approved February 10, 1911, shall be construed with reference to this constitutional provision and any other constitutional provision becoming operative concurrently herewith. And the said Act shall have the same force and effect as if the same had been passed after the adoption of this provision of the Constitution.

and of all other provisions adopted concurrently herewith, except that the three commissioners referred to in said Act shall be held and construed to be the three persons named provided for herein."

Amendment adopted.

Senate Constitutional Amendment No. 47—A resolution proposing to the people of the State of California an amendment to article twelve of the Constitution of the State of California, by adding to said article a new section, to be numbered twenty-two (22a), conferring upon the Railroad Commission power and jurisdiction to regulate and control the business of furnishing certain commodities and performing certain services to or for the public.

The following amendment was submitted by committee:

Amend by striking out of the printed constitutional amendment, commencing at the word "Article," in the second line of the title on page 1, and inserting the period at the end of line 37, page 2, and inserting in its stead the following:

"Section twenty-three of article twelve of the Constitution of the State of California, to confer upon the Railroad Commission power and jurisdiction to regulate and control the business of furnishing certain commodities and performing certain services to or for the public.

The Legislature of the State of California, at its regular session commencing on the second day of January, one thousand nine hundred and eleven, two-thirds of all the members elected to each of the two houses of said Legislature voting by yeas and nays, hereby proposes to the people of the State of California that section twenty-three of article twelve of the Constitution of the State of California be amended so as to read as follows:

Sec. 23. Every private corporation and every individual or association of individuals, owning, operating, managing or controlling any commercial railroad, interurban railroad, street railroad, canal, pipe line, pump, or equipment, or any part of such railroad, canal, pipe line, pump or equipment within this State, for the transportation or conveyance of passengers, or express matter, or freight of any kind, including crude oil, or for the transmission of telephone or telegraph messages, or for the production, generation, transmission, delivery or furnishing of heat, light, water or power or for the furnishing of storage or wharfage facilities, or for directly or indirectly, to or for the public, and every individual or person, is hereby declared to be a public utility subject to such control and regulation by the Railroad Commission as may be provided by the Legislature, and every class of private corporations, individuals, or associations of individuals hereafter declared by the Legislature to be public utilities shall likewise be subject to such control and regulation.

The Railroad Commission shall have and exercise such power and jurisdiction to supervise and regulate public utilities in the State of California, and to fix the rates to be charged for commodities furnished, or services rendered by public utilities, as shall be conferred upon it by the Legislature, and the right of the Legislature to confer powers upon the Railroad Commission respecting public utilities is hereby declared to be plenary and to be unlimited by any provision of this Constitution.

From and after the passing by the Legislature of laws conferring powers upon the Railroad Commission respecting public utilities, all powers respecting such public utilities vested in boards of supervisors, or municipal councils, or other governing bodies of the several counties, cities and counties, cities and towns, in this State, or in any commission created by law and existing at the time of the passage of such laws, shall cease so far as such powers shall conflict with the powers so conferred upon the Railroad Commission; *provided, however*, that this section shall not affect such powers of control over any public utility vested in any city and county, or incorporated town as, at an election to be held pursuant to laws to be passed hereafter by the Legislature, a majority of the electors of such city and county, or incorporated city or town, shall vote to retain, and until such election such powers shall continue unimpaired; but if the vote so taken shall not favor the continuation of such powers they shall thereafter vest in the Railroad Commission as provided by law; *and provided, further*, that where any such city and county or incorporated city or town shall have elected to continue any powers respecting public utilities, it may,

by vote of a majority of its electors, thereafter surrender such powers to the Railroad Commission in the manner to be prescribed by the Legislature; or if such municipal corporation shall have surrendered any powers to the Railroad Commission, it may, by like vote, thereafter reinvest itself with such power.

Nothing in this section shall be construed as a limitation upon any power conferred upon the Railroad Commission by any provision of this Constitution now existing or adopted concurrently herewith."

MESSAGE FROM THE GOVERNOR—(OUT OF ORDER).

On motion of Senator Boynton, the following message from the Governor was taken up and read:

EXECUTIVE OFFICE,
SACRAMENTO, CAL., March 13, 1911.

To the Senate of the State of California:

I return to you herein, without my approval, Senate Bill No. 529, entitled "An Act relating to fishing in streams that are stocked or supplied with fish by state or county."

The reason I have vetoed this bill is because such legislation is invalid. The bill provides that any person may, for the purposes of fishing, go upon the lands of another

bordering upon streams that have been stocked with fish. Section 14 of Article I of the Constitution provides that "private property shall not be taken or damaged for public use without just compensation having first been made to or paid into court for the owner," etc. It has uniformly been held that an entry upon private lands is to that extent a taking of such private lands.

The Attorney General, to whom I submitted this Act for an opinion as to its validity, has furnished me the various adjudications bearing upon the subject, and has reached the conclusion that the Act is clearly unconstitutional, and in this conclusion I am forced to concur.

For this reason, I have vetoed the bill.

Respectfully submitted

HIRAM W. JOHNSON,
Governor of California.

Further consideration of the Governor's veto of Senate Bill No. 529 was temporarily passed, in the absence of Senator Birdsall, author of the bill.

The Legislature of the State of California at its regular session commencing on the second day of January, in the year nineteen hundred and eleven, two thirds of all the members elected to each of the houses of said Legislature voting in favor thereof, hereby proposes to the people of the State of California the following amendment amending Section 7 of Article XI thereof so as to read as follows:

Section 7. The Legislature by general laws may provide for the merging and consolidating of contiguous territory of two or more cities, or cities and counties,

or counties or any part of any county or counties, containing in the aggregate a population of at least one hundred and seventy-five thousand, into one consolidated city and county government. No city or town shall become a part of such city and county unless a majority of the qualified electors of such city or town, voting thereon at a general or special election, shall approve such consolidation and the charter of such consolidated city and county, nor shall any city or town be divided by such consolidation. The charter so adopted may provide for a borough system of government, by which the different municipalities so uniting for general municipal purposes shall nevertheless retain and exercise such special municipal powers as the charter may provide. The provisions of this Constitution applicable to cities, and also those applicable to counties, so far as not inconsistent or prohibited to cities, shall be applicable to such consolidated governments. The provisions of this article as to the removal of county seats and the formation of new counties shall not apply to the formation of such consolidated city and county governments, and the Legislature may by general laws provide for the removal of county seats made necessary by the formation of such consolidated city and county government. Such city and county shall be liable for a just proportion of the existing debts and liabilities of the county or counties from which any part of its territory is taken, and shall be entitled to a just proportion of the property of such county or counties, and until such proportion is determined by general law such city and county shall be entitled to any property of such county or counties situated within the limits of such city and county, and such county or counties shall be entitled to any property of such county or counties situated without the limits of such city and county. Such consolidated government shall also be liable for all the existing debts and liabilities of any municipal corporation merged therein, but provision shall be made for the payment of all outstanding bonds of such municipalities by taxes levied upon the property liable therefor at the time of such consolidation. The Legislature shall, by such general laws, provide for the organization of county governments and for the holding and territorial jurisdiction of superior courts in the remainder of any county whenever territory consolidated into a city and county government under the provisions hereof shall include the county seat of any county, such organization of county governments, and such holding and jurisdiction of superior courts to continue only until such time as the same is otherwise provided for by law.

OAKLAND, CAL., March 7, 1911.

To the Honorable the Lieutenant Governor and Senators of the State of California,
Greeting:

Lyon Post, No. 8, Department of California and Nevada, G. A. R., hereby memorialize and respectfully petition your honorable body to vote for and pass Senate Bill No. 56, appropriating the sum of \$100,000 for the construction and equipment of a building or buildings for the use of wives and widows of dependent honorably discharged Union soldiers, sailors, or marines.

The states of Iowa, Illinois, Indiana, Wisconsin, Minnesota, Nebraska, and many others have appropriated sums of not less than one hundred thousand dollars for similar purposes and we feel that the great State of California should get in line in caring for and housing the wives and widows of veterans of the Civil War. Our State has liberally provided for disabled veterans, but the aged wife is left to care for herself while the husband goes sadly to the Home, separated from his life companion for whom he has provided for half a century. The Old Guard, composed of more than six thousand veterans in this State, appeal to your intelligence and patriotism and earnestly request your favorable action on said bill.

Adopted by unanimous vote of Lyon Post, and respectfully submitted for your consideration.

NATHANIEL HOOD, Post Commander.
M. K. WALKER, Adjutant.

On pages 49, 50, and 51, strike out all of Section 77, lines 1 to 85, inclusive, and insert in lieu thereof the following:

"Sec. 77. Whenever any railroad track or tracks of any description exist upon the street or streets upon which the city council of any city has ordered an improvement to be made, and has excepted therefrom the portions used by the track, between the rails and for two feet on each side thereof, and between the tracks if there is more than one, the said order, unless said city council shall by resolution theretofore passed have declared the contrary, shall be deemed to be and constitute a requirement that the person or company having said railroad track or tracks thereon shall improve the said portion with improvements similar in all respects to, with the same materials, under the same specifications and superintendence, and to the like inspection and satisfaction as those ordered to be performed by said order ordering the work; *provided, however,* that the city council may by ordinance require increased depth of concrete between, to the full depth of, or under the ties, or both, where and whenever the city council shall, in its judgment decide that this method of construction is necessary. The city council may also require by ordinance or otherwise, any person or company aforesaid, to pave alongside of and contiguous to its rails with special types of brick or paving blocks. The resolution of intention and notice of proposed improvement shall be construed and are hereby declared to be notice to said person or company of the intention to order the same. Thereupon it shall be the duty of said person or company having such track or tracks on such streets or street to notify in writing the superintendent of streets if such person or company elects to enter upon the direct performance of such work at its own charge and expense; said notice must be delivered to the superintendent of streets within ten days after the first publication of notice of award of contract. The omission or neglect to make such election shall be construed as constituting the superintendent of streets the agent of the owner of said track or tracks, with authority to enter into a contract made in accordance with the provisions of this section for making the said improvements. Said superintendent of streets shall advertise for bids for the improvement

of said portions of the street or streets lying between the rails and for two feet on each side thereof, and between the tracks, if there be more than one. It shall be the duty of said city council to award the contract for the making of said improvements to the lowest regular responsible bidder. Such bidding and awarding of contracts shall be made in the same manner heretofore provided for the awarding of contracts for improvements excepting that no notice of award shall be published. Immediately upon the award, the superintendent of streets shall enter into a contract with the person to whom said contract was awarded for the making of said improvement or improvements upon the portions of the street or streets described in said notice inviting bids, and at the price stated in said bid. The contractor shall execute bonds in the manner required by section fifteen of this Act. Upon the completion of the work and its acceptance, the street superintendent shall make a certificate of such completion together with a statement of the amount due under the terms of said contract for the performance of said work. Such certificate shall be countersigned by the mayor of said city, and shall be recorded in the office of said superintendent of streets. The contractor thereupon shall be entitled to payment of the full amount of said contract price, and the recording of such certificate shall be sufficient notice to the owner of such track or tracks that said contract price is due and payable. In the event that such amount is not paid within thirty days from the date of the recording of said certificate, the contractor may file a sworn statement to that effect with the superintendent of streets, who shall record the same in his office in the book in which the certificate of acceptance has been recorded. Said contractor shall thereupon have a cause of action against said person or company owning said tracks for the amount of said contract, together with a reasonable attorney's fee, and shall also have as a security for the recovery of such amount, a first lien upon the track and franchises of said railroad, between whose rails or tracks the said work has been performed, contained within the corporate limits of the said city. In such suit, the certificate of the superintendent of streets heretofore mentioned, shall be and constitute prima facie evidence of the regularity of all proceedings, and of the right of the contractor to recover judgment against said person or company. Execution may be taken out upon the entry of judgment, and based upon any property of said person or company subject to execution. In the event that said person or company shall file the written election to enter upon the direct performance of such work at its own cost and expense, no further proceedings shall be taken in the matter unless such person or company neglects or fails for thirty days, or for such further time as the city council may grant, to make said improvement. In the event that the improvement of the portions of the street or streets above described between the rails and for two feet on each side thereof, and between the tracks, if there be more than one, shall not be made with diligence, as herein provided, or in all respects similar to the improvement of the rest of the street, or with the same materials or under the same specifications, and to the satisfaction of the superintendent of streets, the city council of said city may, by resolution entered in its minutes, prescribe such terms and conditions as to it may seem fit, and prepare before permitting the said person or company to continue with the said improvement. If the said person or company shall, after three days' notice of the adoption of said resolution, fail to comply with the terms and conditions so prescribed, the city council may declare said person or company to have forfeited its privilege of performing such work under its own direction. Whereupon the street superintendent shall advertise for bids for the performance of such work, or such portion thereof as may remain uncompleted, and the contract therefor shall be awarded and entered into in the same manner heretofore provided for the awarding and execution of contracts where said person or company has not elected to make the improvements under its own direction; and upon the completion of the improvement, the contractor to whom such contract may be awarded, or his assigns, shall be entitled to a certificate from the street superintendent similar to that heretofore provided for, and shall have the right to collect from said person or company by said the amount specified in said certificate in all respects the same as heretofore provided where the contract is let for such improvement in the first instance. The city council may, by ordinance, prescribe and enforce such additional regulations and penalties as it may deem necessary to compel the improvement as herein provided of any portion or portions of any such street or streets so occupied by any such railroad track or tracks."

Mechanics, materialmen, contractors, sub-contractors, artisans, architects, machinists, builders, miners, teamsters, and draymen, and all persons and laborers of every class performing labor upon, or bestowing skill or other necessary services or furnishing materials to be used or consumed in or furnishing appliances, team and power contributing to the construction, alteration, addition to or repair, either in whole or in part, of any building, wharf, bridge, ditch, flume, aqueduct, well, tunnel, fence, machinery, railroad, wagon road or other structure, shall have a lien upon the property upon which they have bestowed labor or furnished materials, for the value of such labor done and materials furnished and for the value of the use of such appliances, teams or power, whether at the instance of the owner, or of any other person acting by his authority or under him, as contractor or otherwise; and every contractor, sub-contractor, architect, builder or other person having charge of the construction, alteration, addition to or repair either in whole or in part of an building, or other improvement as aforesaid shall be held to be the agent of the owner for the purposes of this chapter.

Any person who performs labor in any mining claim or claims, or in or upon any real property worked as a mine, either in the development thereof or in working thereon by the subtractive process or furnishes materials to be used or consumed thereon, has a lien upon the same and the works owned and used by the owners for milling or reducing the ores from the same, for the value of the work or labor done or materials furnished by each respectively, whether done or furnished at the instance of the owner of such mining claim or claims or real property worked as a mine, or his agent, and every contractor, sub-contractor, superintendent or other person having charge of any mining or work or labor performed in and about such mining claim or claims or real property worked as a mine, either as lessee or under working bond or contract thereon shall be held to be the agent of the owner for the purposes of this chapter.

The liens in this chapter provided for shall be direct liens, and shall in the case of all claimants be limited, as to amount, by the contract price agreed upon between the contractor and the owner; but said several liens shall not in any case exceed in amount the reasonable value of the labor done or material furnished, or both, for which the lien is claimed, nor the price agreed upon for the same between the claimant and the person by whom he was employed; nor in any case, where the claimant was employed by a contractor, or sub-contractor, shall the lien extend to any labor or materials not embraced within or covered by the original contract between the contractor and the owner, or any modification thereof made by or with the consent of such owner, nor in any case shall such lien exceed the amount fixed by such contract and all modifications thereof. The original contract, and any modification thereof, shall be recorded in the office of the county recorder of the county, where the property is situated, and if so recorded before the commencement of the work, such recording shall be equivalent to the giving of actual notice by the owner to all persons performing work or furnishing materials thereunder. It shall be lawful for the owner to protect himself against any failure of the contractor to perform his contract and make full payment for all work done and materials furnished thereunder by exacting such bond or other security as he may deem satisfactory.

SEC. 2. Section 1184 of the Code of Civil Procedure is hereby amended to read as follows:

1184. Any of the persons mentioned in the preceding section, except the contractor, may at any time give to the owner a notice that they have performed labor or furnished materials, or both, to the contractor or other person acting by the authority of the owner, or that they have agreed to do so, stating in general terms the kind of labor and materials and the name of the person to or for whom the same was done or furnished, or both, and the amount in value, as near as may be, of that already done or furnished, or both, and of the whole agreed to be done or furnished or both, and any of said persons who shall on the written demand of the owner refuse to give such notice shall thereby deprive himself of the right to claim a lien under this chapter. Such notice may be given by delivering the same to said owner personally, or by leaving it at his residence or place of business with some person in charge, or by delivering it to his architect, or by leaving it at the latter's

office with some person in charge. No such notice shall be invalid by reason of any defect in form, provided it is sufficient to inform the owner of the substantial matters herein provided for. Upon such notice being given it shall be lawful for the owner to withhold, and in the case of property which, for reasons of public policy or otherwise, are not subject to the liens in this chapter provided for, the owner or person who contracted with the contractor, shall withhold from his contractor sufficient money due or that may become due to such contractor to answer such claim and any lien that may be filed therefor including the reasonable cost of any litigation thereunder.

Sec. 3. Section 1185 of the Code of Civil Procedure is hereby amended to read as follows:

1185. The land upon which any building, improvement, well or structure is constructed, together with a convenient space about the same, or so much as may be required for the convenient use and occupation thereof, to be determined by the court on rendering judgment, is also subject to the lien, if at the commencement of the work, or of the furnishing of the material for the same, the land belonged to the person who caused said building, improvement, well or structure to be constructed, altered or repaired, but if such person owned less than fee simple estate in such land, then only his interest therein is subject to such lien, except as provided in Section 192 of this Code.

Sec. 4. Section 1187 of the Code of Civil Procedure is hereby amended to read as follows:

1187. Every original contractor, claiming the benefit of this chapter, within sixty days after the completion of his contract, and every person save the original contractor claiming the benefit of this chapter, within thirty days after he has ceased to labor or has ceased to furnish materials, or both, or at his option, within thirty days after the completion of the original contract, if any, under which he was employed, must file for record with the county recorder of the county or city and county in which such property or some part thereof is situated a claim of lien containing a statement of his demand after deducting all just credits and offsets, with the name of the owner or reputed owner, if known, also the name of the person by whom he was employed, or to whom he furnished the materials, with a statement of the price if any agreed upon for the same and when payable, and of the work agreed to be done and when the same was to be done, if agreed upon, and also a description of the property to be charged with the lien, sufficient for identification, which claim must be verified by the oath of himself or of some other person. Any trivial imperfection in the said work, or in the completion of any contract by any lien claimant, or in the construction of any building, improvement or structure, or of the alteration, addition to, or repair thereof, shall not be deemed such a lack of completion as to prevent the filing of any lien; and, in all cases, any of the following shall be deemed equivalent to a completion for all the purposes of this chapter: the occupation or use of a building, improvement, or structure by the owner, or his representative; or the acceptance by said owner or said agent, of said building, improvement, or structure, or cessation from labor for thirty days upon any contract or upon any building, improvement or structure or the alteration, addition to, or repair thereof.

Sec. 5. Section 1190 of the Code of Civil Procedure is hereby amended to read as follows:

1190. No lien provided for in this chapter binds any property for a longer period than ninety days after the same has been filed, unless proceedings be commenced in a proper court within that time to enforce the same; or, if a credit be given, then ninety days after the expiration of such credit; but no lien continues in force for a longer time than one year from the time the work is completed, by any agreement to give credit, and in case such proceedings be not prosecuted to trial within two years after the commencement thereof, the court may in its discretion dismiss the same for want of prosecution, and in all cases the dismissal of such action (unless it be expressly stated that the same is without prejudice) or a judgment rendered therein that no lien exists, shall be equivalent to the cancellation and removal from the record of such lien.

Sec. 6. Section 1192 of the Code of Civil Procedure is hereby amended to read as follows:

1192. Every building or other improvement or work mentioned in any of the preceding sections of this chapter constructed, altered or repaired upon any land with the knowledge of the owner or of any person having or claiming any estate therein, and the work or labor done or materials furnished mentioned in any of said sections with the knowledge of the owner or persons having or claiming any estate in the land, shall be held to have been constructed, performed or furnished at the instance of such owner or person having or claiming any estate therein, and such interest owned or claimed shall be subject to any lien filed in accordance with the provisions of this chapter, unless such owner or person having or claiming any estate therein shall, within ten days after he shall have obtained knowledge of such construction, alteration or repair or work or labor, give notice that he will not be responsible for the same by posting a notice in writing to that effect in some conspicuous place upon the property, and shall also, within the same period, file for record a verified copy of said notice in the office of the county recorder of the said county in which said

property or some part thereof is situated. Said notice shall contain a description of the property affected thereby sufficient for identification, with the name, and the nature of the title or interest of the person giving the same, said copy so recorded may be verified by anyone having a knowledge of the facts, on behalf of the owner or person for whose protection the notice is given.

SEC. 7. Section 1193 of the Code of Civil Procedure is hereby amended to read as follows:

1193. Any contractor shall be entitled to recover, upon a lien filed by him, only such amount as may be due to him according to the terms of his contract, after deducting all claims of other parties for work done and materials furnished, as aforesaid, and embraced within his contract; and in all cases where a lien shall be filed under this Act for work done or for materials furnished to any contractor, he shall defend any action brought thereon at his own expense; and during the pendency of such action, the owner may withhold from the contractor the amount of money for which such lien is filed; and in case of judgment against the owner or his property upon the lien, the said owner shall be entitled to deduct from any amount due, or to become due by him to the contractor, the amount of such judgment and costs; and if the amount of such judgment and costs shall exceed the amount due by him to the contractor, or if the owner shall have settled with the contractor in full, he shall be entitled to recover back from the contractor, or his bondsmen or sureties on any bond given for the faithful performance of his contract, any amount so paid by him, the said owner, in excess of the contract price, and for which the contractor was originally the party liable. No act done by such owner in compliance with any of the provisions of this chapter shall be held to be a prevention of the performance of any such contract by the contractor, or to have exonerated the sureties on such or any bond given for faithful performance, or for the payment of liens of persons performing labor or furnishing materials, or both; *provided*, that such act was done in good faith and without design to injure or harass any one.

SEC. 8. Section 1194 of the Code of Civil Procedure is hereby amended to read as follows:

1194. Whenever on the sale of the property subject to any of the liens provided for in this chapter, under the judgment or decree of foreclosure of such lien, there is a deficiency of proceeds, judgment for the deficiency may be docketed against the party personally liable therefor in like manner and with like effect as in action for the foreclosure of mortgages.

SEC. 9. Section 1195 of the Code of Civil Procedure is hereby amended to read as follows:

1195. Any number of persons claiming liens may join in the same action as when separate actions are commenced, the court may consolidate them. The court must also allow as a part of the costs, the money paid for verifying and recording the lien, such costs to be allowed to each claimant whose lien is established, whether he be plaintiff or defendant, or whether they all join in one action or separate actions are consolidated.

SEC. 10. Section 1197 of the Code of Civil Procedure is hereby amended to read as follows:

1197. Nothing contained in this chapter shall be construed to impair or affect the right of any person to whom any debt may be due for work done or materials furnished to maintain a personal action to recover said debt against the person liable therefor; and the person bringing such personal action may take out an attachment therefor, notwithstanding his lien, and in his affidavit to procure an attachment need not state that his demand is not secured by a lien; but the judgment, if an attachment is obtained by the plaintiff in such personal action shall not be construed to impair or merge any lien held by said plaintiff under this chapter, *provided, only*, that if money collected on said judgment shall be credited on the amount of such lien, any action brought to enforce the same, in accordance with the provisions of this chapter.

SEC. 11. Section 1202 of the Code of Civil Procedure is hereby amended to read as follows:

1202. Any person who shall wilfully give a false notice of his claim to the owner under the provisions of section one thousand one hundred and eighty-four shall forfeit his lien. Any person who shall wilfully include in his claim filed under section one thousand one hundred and eighty-seven work or materials not performed upon or furnished for the property described in the claims shall forfeit his lien.

SEC. 12. Section 1203 of the Code of Civil Procedure is hereby amended to read as follows:

1203. No mistake or errors in the statement of the demand, or of the amount of credits and offsets allowed or of the balance asserted to be due to claimant, nor the description of the property against which the claim is filed, shall invalidate the lien, unless the court finds that such mistake or error in the statement of the demand, credits and offsets, or of the balance due, was made with the intent to defraud; and the court shall find that an innocent third party, without notice, direct or constructive, has since the claim was filed become the bona fide owner of the property liened upon, and that the notice of claim was so deficient that it did not put the party upon further inquiry in any manner.

Sec. 43. Sections 1183a, 1200, and 1200a of the Code of Civil Procedure are hereby repealed.

Sec. 44. The provisions of this Act shall be liberally construed with a view to effect its purpose. They are not intended as a re-enactment of the provisions of prior statutes, with the policy and intent remaining the same by the courts of this State, but are intended to secure that policy and the intent of making the laws needed for direct, and independent, and unimpeded and unobstructed commerce, finance and construction, thereby making the policy of this State conform to that of Nevada and other Pacific coast states.

 SACRAMENTO, CAL., March 13, 1911

To the Senate of the State of California:

I return to you, herein, without my approval, Senate Bill No. 529, entitled: "An Act relating to fishing in streams that are stocked or supplied with fish by State or county."

The reason I have vetoed this bill is because such legislation is invalid. The bill provides that any person may, for the purposes of fishing, go upon the lands of another bordering upon streams that have been stocked with fish. Section 14 of Article I of the Constitution provides that "private property shall not be taken or damaged for public use without just compensation having first been made to or paid into court for the owner," etc. It has uniformly been held that an entry upon private lands is to that extent a taking of such private lands.

The Attorney General, to whom I submitted this Act for an opinion as to its validity, has furnished me the various adjudications bearing upon the subject, and has reached the conclusion that the Act is clearly unconstitutional, and in this conclusion I am forced to concur.

For this reason, I have vetoed the bill.

Respectfully submitted.

HIRAM W. JOHNSON,
 Governor of California.

Message read on a previous day.

The question being, "Shall the bill become a law, notwithstanding the objections of the Governor?"

The roll was called, and the Governor's veto to Senate Bill No. 529 sustained by the following vote:

POINT OF ORDER.

Senator Wolfe raised the point of order that under the provisions of Rule 14, of the Joint Rules of the Senate and Assembly of the thirty-

ninth session of the Legislature of the State of California, the report of the Committee on Free Conference showed a case of non-agreement, and consequently no further proceedings were in order, and that therefore there was nothing before the Senate for consideration.

RULING ON POINT OF ORDER.

The President of the Senate declared the point of order raised by Senator Wolfe not well taken.

CONSIDERATION OF SPECIAL ORDER.

The hour having arrived for the consideration of the special order heretofore set for this day, being the consideration of Assembly Constitutional Amendment No. 50—A resolution to propose to the people of the State of California an amendment to sections twenty and twenty-one of article twelve of the Constitution of the State of California, relating to railroads and other transportation companies—the same was taken up for consideration.

SPECIAL ORDER POSTPONED.

Senator Burnett moved that the consideration of Assembly Constitutional Amendment No. 50 be postponed and made a special order for Thursday, March 16, 1911, immediately after the consideration of the special order heretofore set.

Motion carried.

CONSIDERATION OF SPECIAL ORDER.

The hour having arrived for the consideration of the special order heretofore set for this day, being the consideration of Assembly Constitutional Amendment No. 6—A resolution proposing to the people of the State of California an amendment to section twenty-two of article twelve of the Constitution of the State of California, creating a railroad commission and defining its powers and duties—the same was taken up for consideration.

SPECIAL ORDER POSTPONED.

Senator Burnett moved that the further consideration of Assembly Constitutional Amendment No. 6 be made a special order for Thursday, March 16, 1911, immediately after the consideration of the special order heretofore set.

Motion carried.

CONSIDERATION OF SPECIAL ORDER.

The hour having arrived for the consideration of the special order heretofore set for this day, being the consideration of Senate Constitutional Amendment No. 47—A resolution proposing to the people of the State of California an amendment to article twelve of the Constitution of the State of California, by adding to said article a new section, to be numbered twenty-two *a* (22a), conferring upon the Railroad Commission power and jurisdiction to regulate and control the business of furnishing certain commodities and performing certain services to or for the public—the same was taken up for consideration.

SPECIAL ORDER POSTPONED

Senator Burnett moved that the further consideration of Senate Constitutional Amendment No. 47 be made a special order for Tuesday, March 16, 1911, immediately after the consideration of the special orders heretofore set.

Motion carried.

CONSIDERATION OF SPECIAL ORDER—RESTARTED

REPORT OF COMMITTEE ON FREE CONFERENCE—(RESTARTED)

Senator Wolfe raised the point of order that the report of the Committee on Free Conference on Assembly Bill No. 37, submitted amendments that are unconstitutional, by reason of the fact that the amendments submitted provide for a vote in supervisory districts, whereas some of the counties of the State have no supervisory districts.

RULING ON POINT OF ORDER

The President of the Senate declared the point of order raised by Senator Wolfe not well taken.

REPORT OF COMMITTEE ON FREE CONFERENCE—(RESTARTED)

The question being on the adoption of the report and amendments. The roll was called, and the report and amendments adopted by the following vote:

AYES—Senators Avey, Bell, Baskett, Bark, Bessmer, Campbell, Cyprien, Curtin, Critten, Estabrook, Gares, Hewitt, Hutchins, Hunt, Juilliard, Larkin, Jones, Martinelli, Roseberry, Rush, Sanford, Sherman, Sisson, Stoddard, Thompson, Tyrrell, Walker, and Wright—28.

NOES—Senators Behan, Bells, Bryant, Burnett, Caminetti, Cassady, Foss, Hays, Hare, Regan, Welch, and Wolfe—12.

Assembly Bill No. 37, and report of Committee on Free Conference and amendments, ordered transmitted to the Assembly.

QUESTION OF PERSONAL PRIVILEGE

Senator Caminetti arose to a question of personal privilege, and spoke as follows:

Since the matters involved in the report of the conference on Assembly Bill No. 37 were considered in the Senate in another shape, the Legislature has passed a proposed amendment to the Constitution providing for the initiative and referendum. It likewise has passed a law giving counties and municipal corporations the same powers. Thus the right of the people, or any portion of them, to propose and secure "local option," or action upon any other subject, is guaranteed on equal privileges to all. For these reasons I am opposed to the adoption of said report.

QUESTION OF PERSONAL PRIVILEGE

Senator Juilliard arose to a question of personal privilege, and spoke as follows:

I voted for Assembly Bill No. 37 solely on the ground that I believe a majority of the people of this State desire the opportunity of voting upon the principles or questions involved in local option.

The bill as prepared by the Free Conference Committee is not as fair or liberal as it should be; it is too narrow and contracted, but it does contain some of the suggestions which Assemblyman Slater and I have so consistently urged, and in

my judgment, to make it fair and reasonable, it should contain more of our suggestions. We are and have been true friends of local option, though we are not prohibitionists. This bill was prepared and introduced by prohibitionists, and they so admit.

There would have been a better, fairer and more effective bill submitted, had a free conference committee been properly and fairly selected.

Assemblyman Slater and I have labored long and hard to preserve from undue injury the great hop and grape growing and wine making interests of our districts and other similar districts of this State. The bill as it now stands is not as vicious and ridiculous as introduced. Still, under these adverse circumstances I voted for this bill, in part to prove that I have acted in entire good faith and have made good my promises, well knowing, however, that the bill is not what it should be and realizing fully that the majority of this Senate, as heretofore having expressed itself, has not been treated fairly or considerately.

TIME OF RECESS EXTENDED.

At twelve o'clock and thirty-one minutes P. M., on motion of Senator Thompson, the hour of recess was extended fifteen minutes.

PRESIDENT PRO TEM. BOYNTON IN THE CHAIR.

At twelve o'clock and thirty minutes P. M., Hon. A. E. Boynton, President pro tem. of the Senate, in the chair.

MOTION TO RECONSIDER.

In compliance with his notice, given on previous day, Senator Roseberry moved that the vote whereby Assembly Bill No. 842 was refused passage, be now reconsidered.

The motion was duly seconded.

ASSEMBLY CONSTITUTIONAL AMENDMENT NO. 50

A resolution to propose to the people of the State of California an amendment to sections twenty and twenty-one of article twelve of the Constitution of the State of California, relating to railroads and other transportation companies.

The Legislature of the State of California, at its regular session commencing on the second day of January, one thousand nine hundred and eleven, two thirds of all the members elected to each of the two houses of said Legislature, meeting in joint session, hereby proposes the following amendment to article twelve of the Constitution of the State of California:

First. Section twenty of article twelve is hereby amended to read as follows:

Sec. 20. No railroad or other transportation company shall raise any rate of charge for the transportation of freight or passengers or any cargo included therein with or incidental thereto under any circumstances whatsoever, except upon a showing before the Railroad Commission provided for in this Constitution, that such increase is justified, and the decision of the said commission upon the showing so made shall not be subject to review by any court except upon the question whether such decision of the commission will result in confiscation of property.

Second. Section twenty-one of article twelve is hereby amended to read as follows:

Sec. 21. No discrimination in charges or facilities for transportation shall be made by any railroad or other transportation company between classes of persons or in the facilities for the transportation of the same classes of freight or passengers within this State. It shall be unlawful for any railroad or other transportation company to charge or receive any greater compensation in the aggregate for the transportation of passengers or of like kind of property for a shorter than for a longer distance over the same line or route in the same direction, the shorter being included within the longer distance, or to charge any greater compensation as a through rate than the aggregate of the intermediate rates.

Provided, however, that upon application to the Railroad Commission provided for in this Constitution such company may, in special cases, after investigation, be authorized by such commission to charge less for longer than for shorter distances for the transportation of persons or property and the Railroad Commission may from time to time prescribe the extent to which such company may be relieved from the prohibition to charge less for the longer than for the shorter haul. The Railroad Commission shall have power to authorize the issuance of excursion and commutation tickets at special rates.

Nothing herein contained shall be construed to prevent the Railroad Commission from ordering and compelling any railroad or other transportation company to make

reparation to any shipper on account of the rates charged to said shipper being excessive or discriminatory, provided no discrimination will result from such reparation.

CONSIDERATION OF SPECIAL ORDER.

The hour having arrived for the consideration of the special order heretofore set for this day, being the consideration of Assembly Constitutional Amendment No. 6, the same was taken up for consideration.

ASSEMBLY CONSTITUTIONAL AMENDMENT No. 6.

A resolution proposing to the people of the State of California an amendment to section twenty-two of article twelve of the Constitution of the State of California, creating a railroad commission and defining its powers and duties.

The Legislature of the State of California, at its regular session commencing on the second day of January, one thousand nine hundred and eleven, two thirds of all the members elected to each of the two houses of said Legislature voting in favor thereof, hereby proposes to the people of the State of California that section twenty-two of article twelve of the Constitution of the State of California be amended so as to read as follows:

Section 22. There is hereby created a railroad commission which shall consist of five members and which shall be known as the Railroad Commission of the State of California. The commission shall be appointed by the Governor from the State at large; *provided*, that the Legislature, in its discretion, may divide the State into districts for the purpose of such appointments, said districts to be as nearly equal in population as practicable; *and provided, further*, that the three commissioners in office at the time this section takes effect shall serve out the term for which they were elected, and that two additional commissioners shall be appointed by the Governor immediately after the adoption of this section, to hold office during the same term. Upon the expiration of said term, the term of office of each commissioner thereafter shall be six years, except the commissioners first appointed hereunder after such expiration, one of whom shall be appointed to hold office until January 1, 1917, two until January 1, 1919, and two until January 1, 1921. Whenever a vacancy in the office of commissioner shall occur, the Governor shall forthwith appoint a qualified person to fill the same for the unexpired term. Commissioners appointed for regular terms shall, at the beginning of the term for which they are appointed, and those appointed to fill vacancies, shall, immediately upon their appointment, enter upon the duties of their offices. The Legislature shall fix the salary of the commissioners, but pending such action the salaries of the commissioners, their officers and employees shall remain as now fixed by law. The Legislature shall have the power, by a two-thirds vote of all members elected to each house, to remove any one or more of said commissioners from office for dereliction of duty or corruption or incompetency. All of said commissioners shall be qualified electors of this State, and no person in the employ of or holding any official relation to any person, firm or corporation, which said person, firm or corporation is subject to regulation by said Railroad Commission and no person owning stock or bonds of any such corporation or who is in any manner pecuniarily interested therein, shall be appointed to or hold the office of Railroad Commissioner. No vacancy in the commission shall impair the right of the remaining commissioners to exercise all the powers of the commission. The act of a majority of the com-

commissioners when in session as a board shall be deemed to be the act of the commission, but any investigation inquiry or hearing which the commissioners have power to undertake or to hold may be undertaken or held by or before any commissioner designated for the purpose by the commission, and every holder shall be a commissioner so designated, pursuant to such inquiry, investigation or hearing, unless approved or confirmed by the commission unless and in the other, shall be deemed to be the order of the commission.

Said commission shall have the power to establish rates of charge for the transportation of passengers and freight by railroads and other transportation companies, and no railroad or other transportation company shall charge or demand or collect or receive a greater or less or different rate of charge for such transportation of passengers or freight, or for any service in connection therewith, between the points named in any tariff of rates established by said commission than the rates, fares and charges which are specified in such tariff. The commission shall have the further power to examine books, records and papers of all railroad and other transportation companies, to hear and determine complaints against railroad and other transportation companies, to issue subpoenas and all necessary process and writs for persons and papers, and the commissioners and each of the commissioners shall have the power to administer oaths, take testimony and provide for witnesses in the examination and to the same extent as courts of record. The commission may prescribe a uniform system of accounts to be kept by all railroad and other transportation companies.

No provision of this Constitution shall be construed as a limitation upon the authority of the Legislature to confer upon the Railroad Commission additional powers of the same kind or different from those conferred herein, which are not inconsistent with the powers conferred upon the Railroad Commission by this Constitution, and the authority of the Legislature to confer such additional powers is expressly declared to be plenary and unlimited by any provision of this Constitution.

The provisions of this section shall not be construed to repeal or amend or to give any existing law not inconsistent herewith, and the "Railroad Commission Act" of this State approved February 10, 1911, shall be amended with reference to this constitutional provision and any other constitutional provision involving operation concurrently herewith. And the said Act shall have the same force and effect as if the same had been passed after the adoption of this provision of the Constitution and of all other provisions adopted subsequently hereon, except that the three commissioners referred to in said Act shall be four and constituted by the five commissioners provided for herein.

Sec. 198b. Any petition submitted is presumed authentic to the council, as provided in this article until its return, and shall be signed, filed and certified as follows:

In making such petition, printed or white paper or a suitable one which is very thin shall be substantiated, written in capital letters. The signatures and the petition shall be appended to one sheet or paper. The proposed ordinance, as set forth on the paper, shall be followed by the signatures. Such petition shall be signed by qualified electors of the city in their own names, without any need of the name of the person written by each signer for whom he shall be willing to be signing the name, and number, when such designation is given, and shall be signed by the name, and shall be unable to write, then such signature shall be written by the person for whom the person at his request, and the name shall be written by the person for whom the person making the address, by means of the person for whom the person shall be attached thereto at the bottom of the petition, and the address of a qualified elector of the city stating that all of the signatures in such petition were made together at the time said signatures were attached thereto, and that he is of his knowledge and belief such signatures are the genuine signatures of the persons whose names purports to be therein submitted. The city clerk shall, within ten days after the filing of such supplemental petition or petitions, make an examination of the same and certify to the result of such examination as hereinafter provided. If the petition shall show any such petition or any such petition is attached to be insufficient, it shall be retained by him and kept as a public record, without prejudice, however, to the filing of a new petition to the same effect. But if by the certificate of the city clerk, such petition, or such petition as given, is shown to be genuine, the city clerk shall present the same to the council without delay. The sufficiency or insufficiency of such petition shall not be subject to review by the council.

No signature can be revoked after the petition to which it is attached or supplemental petition has been filed. The city clerk shall endorse on said petition and on any supplemental petition the name of the person or persons who filed the same, respectively. Any ordinance proposed by initiative petition and passed by the council and approved by the mayor, or passed by the council and passed over the mayor's veto, shall be subject to the referendum by petition as herein provided in the case of other ordinances.

If the said petition be signed by at least five per centum but less than fifteen per centum of the qualified electors of said city, estimated upon the basis aforesaid, then such ordinance, without alteration, shall be submitted by the council to a vote of the electors of the city at the next general municipal election or at any special election prior thereto, that shall be held at any time after twenty days from the date of the presentation of said petition to the council.

The city clerk shall enclose one copy of each such argument with the sample ballot and a copy of the proposed ordinance mailed to each voter, provided he has been furnished with printed copies of such argument equal in number to five per centum in excess of the total number of qualified electors of the city. Nothing in this section contained shall authorize the council to expend money of the city for the formulating or printing of any such argument.

If a majority of the qualified electors voting on any ordinance proposed by petition shall vote in favor thereof, such ordinance shall become an ordinance of the city upon the declaration by the council of the result of the election at which such proposed ordinance was submitted, and any such ordinance adopted by a vote of the qualified electors of the city voting thereon, cannot be repealed or amended except by an ordinance proposed by petition and adopted by vote of the electors as hereinbefore provided, or by an ordinance submitted by the council to a vote of the electors of the city and so adopted as hereinbefore provided or by any amendment to this charter repealing the same.

On such ballots, under each such question, there shall also be printed the names of all persons who have been nominated as candidates for removal or recall, and the person whose removal is sought, in case he shall be removed from office by vote of the electors. The nomination of such candidates shall be made as hereinafter provided, except that the person whose removal is sought, shall be named in the petition, and unless within five days after the date of the clerk's nomination to the petition, he resigns his office, or declines in writing duly signed and verified by him, and filed with the city clerk, to be a candidate, his name shall be printed on the ballot the same as if he had been regularly nominated in accordance with the provisions of this article.

Sec. 198c. But if such person shall resign at any time after the date of the certificate of the clerk certifying that the petition for his recall is sufficient and prior to the declaration of the result of such election, thereby creating a vacancy in such office, or a vacancy occurs therein during such time from any cause, such vacancy may be filled by the council in the same manner as other vacancies occurring in such office, but in that event, the person appointed to fill such vacancy shall hold his office only until the person declared by the council to have been elected at the recall election shall qualify. Proceedings for the recall of any elective officer shall be deemed to be pending from the date of the certificate of the city clerk certifying that the recall petition is sufficient, and if he shall resign at any time subsequent thereto the recall election shall be held notwithstanding such resignation.

In the event that a majority of the electors voting on the question as to whether a person shall be recalled and removed from office shall vote in favor of the removal of such person from office by the recall, the person for whose removal from office such majority has voted shall be deemed to be and shall be recalled and removed from office upon the declaration of the result of such election by the council, and the candidate receiving at said election the highest number of votes for that office shall be thereby elected. If the incumbent receive the highest number of votes, he shall continue in office, but if some person other than the incumbent receive the highest number of votes at such election he shall become the successor of the incumbent so removed and shall hold office only during the unexpired term of such officer.

Sec. 198c. Each petition must be presented to the city clerk not less than twenty-five days before such recall election. Immediately upon the presentation of any such petition, the city clerk shall ascertain and determine, in the manner heretofore provided as to initiative petitions, whether or not such petition is signed by the requisite number of qualified electors of the city. If requested by the city clerk, the council shall allow him additional assistants for that purpose, as in other cases, and he shall, within five days after the presentation thereof, attach his certificate to such petition, showing the result of his examination. If it shall appear therefrom, that any such petition is not signed by the requisite number of qualified electors, the same may be amended within three days from the date of such certificate, by presenting a supplemental petition. The clerk shall, within three days after such supplemental petition is filed, make like examination thereof, and shall certify the result of his examination thereof; but no further supplemental petition shall be allowed. If any such petition, as amended by a supplemental petition, be signed by the requisite number of qualified electors, both the petition and supplemental petition being considered together for that purpose the person therein named shall be deemed to be nominated as a candidate to be voted for at such recall election.

Any candidate to serve for the remainder of an unexpired term, shall be designated in the petition and on the ballot as a candidate to fill an unexpired term.

Sec. 206*m*. Each ballot shall contain blank spaces underneath the printed names for each office, wherein the voter may write the name of any candidate whose name is not printed on the ballot and for whom he may wish to vote and in such case a cross shall not be stamped opposite such written name.

Sec. 206*n*. In the event that any candidate for nomination to any office for which only one person is to be elected shall receive a majority of the votes cast for all the candidates for nomination to such office at such primary nominating election, the candidate so receiving such majority of votes shall be deemed to be and declared by the council to be elected to such office; *provided*, that in the case of candidates for the offices of member of the council and member of the board of education, the candidates therefor equal to or less than the number of such offices, for which nominations are to be made who receive the votes of more than one half of the qualified electors voting at such election, shall be deemed to be and declared by the council to be elected to such office or offices. Except as in this section provided, the result of such primary nominating election shall be as provided in Section 206*o* of this charter.

Sec. 206*o*. The two candidates receiving the highest number of votes for any given office at the primary nominating election shall be the candidates, and the only candidates, for such office whose names shall be printed upon the ballots to be used at the general municipal election; *provided*, that where more than one office of the same kind is to be filled, the candidates therefor, equaling in number twice the number of such offices, who receive the highest number of votes at the primary nominating election, shall be the candidates, and the only candidates, for such offices whose names shall be printed upon the ballot to be used at such general election.

Sec. 206ip. The ballot at any general election shall be in the same general form as for such primary nominating election, so far as appearance and contain any indication as to the party affiliation, source of candidate or support of any candidate.

Sec. 206iq. Sec. 206ir. Nothing contained in any of the foregoing sections, 206ia to 206iq, both inclusive, shall be deemed to apply to any election held under the authority of this article relating to the recall and removal of elective officers, except as therein expressly provided.

Sec. 206is. Sec. 206it. Whenever it shall appear upon the canvass of the returns of any primary nominating election that two or more persons have received an equal number of votes as candidates for any office at such election, so that the result of such election does not determine which of such persons are entitled to be considered as candidates for such office, the city clerk shall forthwith, upon the declaration by the council of the result of such election, notify all persons so receiving an equal number of votes, to appear before the council, in the second session of its next regular meeting that shall occur after the expiration of five days after the result of such election shall have been declared and at such time to be summoned by such notice, and then and there to draw lots to determine which of such persons shall be the candidate or candidates for such office. At the time and place specified in such notice, such persons shall appear before the council and shall then, in an open session thereof, draw lots to determine which of such persons shall be such candidate or candidates. Such lots shall be drawn in such manner as the council shall prescribe, and the person or persons upon whom the draw made by such drawing of lots shall fall, shall be declared to be and shall be the candidate or candidates. If any such person do not appear, as above prescribed, the city clerk shall act for such person in such drawing of lots, provided, however, that if any demand for a recount of the ballots cast at such primary nominating election be made as hereinafter provided, by or on behalf of any such person, such drawing of lots shall not be had, until and unless such recount shall also result in a tie vote having the effect hereinbefore stated.

Nothing in this section contained shall be construed to prevent any member of the city from demanding and obtaining a recount of the ballots cast at such primary nominating election as hereinafter provided.

Sec. 206iu. Any elector of the city may contest the right of any person declared nominated as a candidate for any office to be such candidate upon the ground that such person did not receive the requisite number of votes at the primary nominating election. When an elector contests the right of any person declared nominated as a candidate for any office to be a candidate therefor, he must, within five days after the result of the primary nominating election shall have been declared by the council, file with the city clerk a written petition setting forth specifically the following:

(1) The name of the person contesting such nomination, and that he is an elector of the city;

(2) The name of the person whose right to be a candidate for an office, stating the office, is contested;

(3) A statement of particulars wherein the person, whose right to be a candidate is contested, did not receive the requisite number of votes at the primary nominating election, or, of such errors in the counting of ballots, which, if corrected, would give a different result;

(4) A demand for a recount of the ballots cast at such election.

Such petition must be signed by and be verified by the affidavit of the person filing such petition, and such affidavit must state that the statements made in the petition are true of his own knowledge, except as to the matters which are therein stated on his information or belief, and as to those matters he believes it to be true. Any such petition shall be accompanied by a bond in the penal sum of \$500, in favor

of the city of Los Angeles, executed by the petitioner and by two sureties satisfactory to the council, conditioned for the payment by the petitioner to the city of Los Angeles of the costs and expenses of such recount of ballots in case such contest does not change the result of such election.

The city clerk shall present said petition to the council at its next regular meeting after the filing in proof, and the council shall thereupon order a recount of the ballots cast at such election. Such recount shall be conducted by the mayor, city attorney and city clerk, who shall for that purpose constitute a board of contested primary nomination elections; *provided, however*, that if any of said officers are interested parties to said contest, the council shall designate a disinterested elector to act upon said board in the place of such officer. Said board shall be authorized by the council to employ such persons as may be necessary to assist them in conducting such recount, which shall be public and conducted with due diligence to completion. Upon the completion thereof, such board shall make a report in writing of the result thereof to the council, which shall thereupon taking the same, and if any person or persons other than the person or persons theretofore declared nominated, be found upon such recount to be entitled to such nomination, the council shall so declare and direct that the proper certificate of nomination be issued to such person or persons. Nothing in this section contained shall be construed to prevent any person from contesting any nomination by such official proceedings as may be otherwise authorized by law.

If the result of such primary nominating election is changed by such contest, the expense of such recount shall be paid by the city.

Sec. 206c. The provisions of Section 206b shall be applicable to any case where it results from the canvass of the returns of any primary nominating election that two or more persons have received an equal number of votes as candidates for any office at such election, so that the result of such election does not determine which of such persons are entitled to be nominated as candidates for such office. Any elector or electors, in the event of any such tie vote obtaining a majority of the ballots cast at such primary nominating election, may file a petition demanding such recount, setting forth specifically the following:

(1) The name of the person demanding such recount, and that he is an elector of the city;

(2) The names of the persons who received an equal number of votes, stating the cause;

(3) A statement of particulars of said errors in the counting of ballots, which, if corrected, will give a different result;

(4) A demand for a recount of the ballots cast at such election.

Such petition shall be signed, verified and filed as in said Section 206b provided. The proceedings for such recount shall be conducted and the result thereof determined in the same manner and with the same force and effect as in said section provided, and the provisions thereof shall control in all matters pertaining to such proceedings so far as they may be applicable thereto.

Sec. 206d. A substantial compliance with the provisions of this article shall be sufficient for the holding of any election hereunder, and for the approval or rejection of any ordinance, order or resolution submitted to a vote of the electors of the city.

The city auditor shall keep in his office a complete set of accounts, which shall show, at all times, the financial condition of the city and the state of each fund, from what source the money was derived, and for what purpose any money was expended.

He shall, on application of any person indebted to the city, holding money payable into the city treasury, or desiring to pay money therein, certify to the city treasurer the amount thereof, to what fund applicable, and by whom to be paid. He shall upon the deposit of the receipt of the city treasurer for money paid into the city treasury, charge the city treasurer with the amount received by him, and give the person paying the same a receipt therefor.

It shall be his duty to apportion among the several funds all public money at any time in the city treasury, not by law or ordinance specifically apportioned and appropriated and forthwith notify the city treasurer of such apportionment or appropriation. He shall countersign and deliver to the proper officer all licenses.

He shall report to the council at its second regular meeting of each month the condition of each fund in the city treasury and the amount drawn from each fund

during the preceding month, and shall render to the council such other or special reports as it may from time to time require.

He shall make and present a report to the council on or before the fifteenth day of August of each year, showing all financial transactions of the city for the then year ending the 30th day of June last preceding.

He shall audit and approve all demands against the city before payment, and keep a record of the same as hereafter provided in Article XXXI.

The city auditor shall perform such other duties and exercise such further powers as may be elsewhere prescribed for him in the charter or by ordinance. He shall devote his entire time to the performance of the duties of his office.

That Section 46 of the charter be amended to read as follows:

CITY ASSESSOR.

Sec. 46. It shall be the duty of the city assessor, in addition to any duty that may be elsewhere prescribed for him by this charter or by ordinance, to make out, within such a time as may be prescribed by ordinance, a full and correct list of all the property, both real and personal, taxable in the city and town of said city, with the valuation thereof, and assess the same to the owners of the same. It was revised or changed, or in these assessments or records to make an entire return thereon on the first Monday in March next ensuing.

Each taxpayer in said city shall make such return to the city assessor annually, and at such time as shall be provided by ordinance, a warrant shall forth setting forth specifically all the real and personal property owned by such taxpayer, or in his possession or under his control at twelve o'clock noon on the first Monday of March next ensuing.

It shall be the duty of the city assessor to collect the taxes on all personal property, when the owner of said property is not owner of any estate in said city sufficient to afford ample security for payment of said taxes. In all such cases he shall be governed in fixing the amount of the tax by the rate of the tax levy for the preceding year.

Immediately after fixing the assessment on such property he shall serve on the owner or owners a notice in writing, which shall specify the assessed valuation of the property, the rate per cent and the amount of tax payable, and require a demand for the payment of said tax within three days after service of said notice. Such notice shall be served personally, or by leaving a copy of the same at the last known place of residence of the person whose property is so assessed.

Upon the expiration of said three days after such service, if the tax demanded still remains unpaid or payment thereof is not secured to the satisfaction of the city attorney and city assessor, the city assessor shall forthwith proceed to collect the same by seizure and sale of any personal property owned by the delinquent.

The said sale shall be made by him in the manner provided in Sections 3793, 3792, 3793, 3794, 3795 and 3796 of the Political Code of the State of California, provided, that the newspaper referred to in said Section 3792 shall be published in the city, and shall be designated by the council.

As soon as the rate is fixed for the year in which such assessment is made, if it is found that a sum in excess of said rate has been collected, the excess must be repaid in the same manner as other demands against the city are paid to the person from whom the collection was made, or to his assigns. And if it comes out that the rate fixed has been collected, the delinquency must be collected as other taxes on personal property are collected.

Should the board of equalization reduce the valuation for the same year of the property so assessed, the sum collected in excess of said reduced valuation must be repaid in like manner, to the person from whom the collection was made, or to his assigns. And if the valuation of said property should be increased to said board, then the deficiency must be collected as other taxes on personal property are collected.

The city assessor shall carefully note upon his assessment list and also upon a book to be kept by him for the purpose all collections made by him under this section, and shall turn over to the city treasurer all money received immediately upon its receipt.

In case the city assessor shall fail to demand, and through his fault to collect, any and all taxes which by this section he is directed to collect, he shall be, and become personally liable to the city for the amount of said delinquent taxes, with interest from the date of their assessment, and the council is authorized and directed to cause proper action or actions at law to be brought against him and the sureties on his official bond to recover the same.

The mode of making out assessment lists, of ascertaining the value of property and of equalizing the same shall be such as is now or may hereafter be, prescribed by the ordinances of the city.

ance of the contract, and thereafter shall have for said amount, or the lesser regular, responsible bidder furnishing security for the performance satisfaction to the council, or such board, commission or officer, as the case may be. The right to reject any and all proposals shall in every case be reserved. Every such proposal shall be accompanied by a check certified by a responsible bank to the city of Los Angeles, payable to the order of the city of Los Angeles, for an amount not less than ten per centum of the aggregate sum of the bid, or by a satisfactory bond for the said amount, and so certain, as to guarantee that the money will enter into the proposed contract. If the same be awarded to him. No bid shall be considered unless the same is accompanied by such check or bond. The bid of any party who has been delinquent in compliance in the performance of any former contract with the city shall be rejected. If the successful bidder fails within ten days after the contract is awarded to him to enter into the same or to furnish the bond required for the faithful performance thereof, specified in the ordinance and by a responsible surety company, or to enter into some sufficient security required by the council, board, commission or officer, as the case may be, then the certified check accompanying his bid shall be forfeited for payment and payment, and the amount thereof paid into the general funds of the city. Any bid made without such affidavit, or in violation thereof shall not be considered. If it can be shown it shall be found that the person, firm or corporation to whom a contract has been awarded has, in violation of any bid or bids, colluded with any other party or parties, then the contract so awarded shall be voidable at the option of the city council, or the board, commission or officer making the same on behalf of the city, as the case may be, and the contractor and his bondsmen shall be liable to the city for all loss or damage which the city may suffer thereby, and the council, board, commission or officer, as the case may be, may advertise for a new contract.

Sec. 207*c*. Each officer, commission or board shall have authority to extend and make contracts involving the expenditure of not more than one month of the fund appropriated to such officer, commission or board during each month of the fiscal year, and no more, unless specially authorized so to do by the council, provided that if during any month less than one-twelfth of the fund so appropriated shall be expended, the amount unexpended may be expended in any subsequent month of the fiscal year without such authorization.

Other contracts, involving an expenditure of five hundred dollars or less, made by any body, board, commission or officer of the city, excepting contracts made by the board of water, streets, and contracts requiring payment from funds derived from the sale of water, electric power, or bonds of the city, shall be made in the manner that may, from time to time, be prescribed by ordinance, provided, however, that, in the case of urgent necessity, when the procedure prescribed by this section cannot be followed without loss to the city, any body, board, commission or officer of the city mentioned in Section 207*c* of this charter, may purchase materials or supplies required for immediate use by the city, when such purchase does not exceed twenty-five dollars, provided, that such emergency purchases shall not exceed one hundred dollars for any such body, board, commission or officer, during any one month.

SALE OF PROPERTY.

Sec. 207c. Any real property owned by the city of Los Angeles may, subject to the limitations and exceptions elsewhere prescribed in this charter, be sold, either in whole, or in part, in accordance with the provisions of this section. Whenever the public interest or convenience may require, the council is hereby authorized to order the sale, and to sell any such real property, either at public auction or to the highest bidder for cash after advertising for bids; *provided, however*, that the council shall prescribe the minimum price for which the same will be sold, and if the price offered at such auction, or the amount bid by the highest bidder at such sale, shall be less than such minimum price, such property shall not be sold.

Before ordering the sale of any such real property the council shall, by a two-thirds vote of all its members, pass an ordinance declaring its intention to sell the same, describing the property proposed to be sold in such manner as to identify the same, specifying the minimum price for which it will be sold, and stating whether such sale shall be at public auction or to the highest responsible bidder after advertising for bids. Such ordinance shall be subject to the provisions of this charter providing for a referendary vote.

Unless a petition demanding the submission of such ordinance to a vote of the qualified electors of the city be filed with the city clerk within thirty days after the publication thereof, the council may, in its discretion, after the expiration of such thirty days, cause notice of the sale of the property described in such ordinance to be published for ten days in one or more daily newspapers printed and published in said city.

In the case of any sale of any real property after advertisement for bids, all such bids shall be sealed and filed in the office of the city clerk on or before a time to be specified in the notice of sale. The city clerk shall present all bids received by him to the council at its next regular meeting after the expiration of the time for the submission of bids. The council shall thereupon, in public session, open, examine and declare all bids received. At the time of opening the bids, any responsible person may bid for such property a sum exceeding the highest bid by not less than five per centum, and such bid so made may be raised by any other person or persons until the property shall either be sold or withdrawn from sale. No bid shall be considered unless accompanied by a cash deposit or check certified by a responsible bank in the city of Los Angeles in an amount not less than ten per centum of the amount of such bid.

The council may in its discretion in all cases where property is offered for sale reject any or all bids, or withdraw such property from sale at any time, should it deem such action to be for the public interest.

Any real property proposed to be sold that is under the control of any board or commission authorized by this charter or by law to acquire, hold or control real property shall not be sold except with the approval of a majority of such board or commission, and the proceeds of any such sale shall be paid into the city treasury and placed in the fund of the department having control of such property.

Sec. 207d. Any personal property belonging to the city, that is no longer required for the use of the city, may be sold under such terms and conditions, and under such procedure as the council may by ordinance prescribe, *provided, however*, that no such personal property that is under the control of any department of the city government shall be sold except at the request or with the approval of the board, commission or officer having the management of such department. The proceeds of the sale of personal property shall be paid into the city treasury and placed in the fund of such department.

That Article XXI of the charter be amended to read as follows:

ARTICLE XXI.

TAXATION, FINANCE, CLAIMS AND DEMANDS.

Sec. 208. The fiscal year of the city shall commence on the first day of July of each year and shall end on the thirtieth day of June of the following year.

Sec. 209. It shall be the duty of every officer of the city, the conduct of whose office requires the expenditure of money, and every board or commission having the

management and control of any department of the government of the city, to prepare and file with the city auditor, on or before the first day of April of each year, a detailed estimate in writing of the amount of expenditures required for the proper conduct of the business of their respective offices and departments for the next ensuing fiscal year, including a statement of the salaries of their subordinates.

Sec. 210. On or before the first day of May of each year, the city auditor shall transmit to the council an estimate of the probable expenditures of the city government for the next ensuing fiscal year, stating the amount required for the interest and sinking funds for all outstanding bonded indebtedness of the city, and the requirements of all of the offices and departments of the municipal government in detail, and showing specifically the amount necessary to be provided for each fund and department, also an estimate of the amount of income from taxes, licenses and other sources of revenue, exclusive of taxes upon property, and the probable amount to be raised by taxation.

Sec. 211. The council shall meet not later than, prior to fixing the tax levy, and by resolution adopted by a majority of all its members, shall make a budget of the estimated amounts supplied for the interest and sinking funds for the bonded indebtedness of the city, and to pay the expenses of conducting the business of the city government for the ensuing fiscal year. The budget shall be prepared in such detail as to the aggregate sum and the items thereof assigned to each department, officer, board or fund as the council may determine. The resolution adopting the budget shall be presented to the mayor for his approval and signature. Any part of said budget may, within ten days after the adoption thereof, be amended or wholly or in part by the mayor, and it shall require the vote of two-thirds of the council to overcome such veto. In making such budget, the council may provide for a general expense fund for expenses not otherwise provided for. After the budget is made in accordance herewith it shall be signed by the president of the council, and the city clerk, and the several sums thereof shall thereupon be deemed appropriated for the ensuing fiscal year to the several bureaus, departments and offices therein specified. The budget shall be filed in the office of the city auditor. Sec. 212. When the assessment list is made and not transmitted to the council, as provided by the ordinance of the city, the council shall, at the time and in the manner in such ordinance provided, fill and put on a basis of equalization, and shall have, as regards the equalization of said list, powers similar to those conferred by law upon the board of supervisors of Los Angeles County, as a board of equalization of state and county taxes.

The meetings of said board of equalization shall be public, and notice of such meetings shall be given to publication of such notice and to such extent as shall be provided by ordinance. The said board shall have the power, in its discretion, to increase or diminish the amount of any or all of the assessments on said list, both as to real and personal property, assessed, that before any such assessment shall be increased, due notice shall be given to the owner or owners of the property the assessed value of which is sought to be increased, and such owner or owners shall have the opportunity to be heard before the board, under oath, such notice to be regulated in all respects by ordinance.

After such list has been equalized it shall be referred to the council, which shall forthwith fix the levy or rate per cent of taxes levied for all municipal purposes for such fiscal year.

Every tax so levied shall have the force and effect of a judgment against the person and property taxed, and shall be and constitute a lien upon the real property situated in said city so assessed or owned by the person against whom such assessment is made.

Every such assessment and the lien thereon shall have the force and effect of an execution duly levied upon the property owned by the person assessed, or by the unknown owner of such property when assessed to an unknown owner. The judgment is not satisfied nor discharged until the tax assessed against the property and the owner is paid, or the property sold for the payment thereof.

The city shall have such other rights, claims and liens for the amount of such municipal taxes as may now or hereafter be given to or exercised by the people of the State of California for and on account of the assessment of state and county taxes levied in Los Angeles County.

The mode and manner of collecting such municipal taxes, and enforcing such tax lien, and the proceedings thereon, shall substantially be the same as the mode and manner at the time prescribed by law for the collection of state and county taxes in said county, provided, however, that the council may, by ordinance, have the power to regulate the time or times of the collection of said taxes within each fiscal year, and prescribe by what officers the respective duties appertaining to such collection and enforcement shall be performed. All proceedings, sales, certificates and conveyances had, made and executed by them in pursuance thereof, shall be

of like force, effect and validity as is or may hereafter be given by law to like proceedings and acts in the matter of the collection of state and county taxes in said county.

Sec. 213. The council must, not later than the last Tuesday in August of each year, adopt an ordinance levying upon the assessed valuation of the property of the city, subject to the provisions of this charter, a rate of taxation upon each one hundred dollars of valuation, sufficient to raise the amounts estimated to be required in the annual budget, less the amounts estimated to be received from fines, licenses and other sources of revenue.

Sec. 214. The income and revenues paid into the treasury shall be apportioned to and kept in separate funds. It shall not be lawful to transfer money from one fund to another, or to use the same in payment of demands upon another fund, except in the case of the general expense fund and the reserve fund; *provided, however*, that every fee, commission, percentage, allowance or compensation authorized by law to be charged, received or collected by any officer of the city for any service shall be paid into the city treasury, to the credit of such fund, and be applied to such purposes as the council shall by ordinance determine.

Sec. 215. At the close of each fiscal year the council shall direct the auditor and treasurer to transfer all surplus moneys remaining in each fund, over and above the amount of outstanding demands and liabilities payable out of such fund, to a fund to be called the "reserve fund," except such surplus moneys as are in the several interest and sinking funds, bond funds, trust funds, the library fund, the water revenue fund, the power revenue fund, and the harbor revenue fund, but the council may by ordinance direct said surplus moneys in the power revenue fund or the harbor revenue fund transferred to such reserve fund.

Sec. 216. All claims and demands against the city of Los Angeles, except coupons for interest and installments of the principal of outstanding bonds of the city, shall be paid only on demands as hereinafter provided, on forms and blanks to be prescribed by the city auditor.

Sec. 217. Every claim and demand against the city of Los Angeles, except as provided in the preceding section, shall be first presented to and approved by the board, commission or officer authorized by this charter to incur the expenditure or liability represented thereby; if such approval be made by a board or commission the same shall be evidenced by a vote of two thirds of the members thereof, taken with the ayes and noes and spread upon the minutes, and the action of such board or commission, and the date thereof, must be endorsed on such demand, and signed in writing by the president or by two members thereof, and the secretary or clerk thereof; and if such approval be made by an officer he, or his chief deputy, shall endorse the same by his signature in writing. In all cases the date of such approval shall be given.

Sec. 218. The salaries of all officers and employees of the city shall be paid monthly; *provided, however*, that laborers and other employees whose wages are fixed by the day, may be paid weekly, if the council, by ordinance, shall so provide. At the expiration of each month the board, commission or officer having the management or control of any department or office shall cause a pay roll to be made out of all persons employed in such department or office during the preceding month, stating the amount of the compensation of such persons in detail, which said pay roll shall be certified as herein provided in the case of demands against the city. In the case of laborers and other persons whose wages are fixed by the day, and payable weekly, as above provided, such pay roll shall be so made out and certified at the end of each week for the preceding week. Every such pay roll shall be filed with the city auditor and shall be accompanied by proper demands or pay checks for the salary or wages of each person specified therein; *provided*, that nothing in this article contained shall be deemed to affect or limit the provisions of Section 151 of this charter.

Sec. 219. All demands approved by any board, commission or officer of the city shall be presented to the city auditor, who shall satisfy himself whether the money is legally due and remains unpaid, and whether the payment thereof from the city treasury is authorized by law, and out of what fund. If he approve it, he shall endorse upon it the word "approved," with the name of the fund out of which it is payable, and sign his name thereto; *provided*, that such approval by the city auditor shall be valid only for such amount as shall have been approved by the board, commission or officer approving the same. If, in the judgment of the city auditor, such demand should be allowed only for a less amount than approved by such board, commission or officer, or if he shall disapprove said demand, he shall transmit the same to the finance committee of the council.

Sec. 220. Any demand transmitted to the finance committee of the council by the city auditor shall be considered by such committee, together with the objections of the city auditor thereto. Such demand shall be reported by the finance committee to the council with its recommendations, and the council shall consider the same and the action of the auditor and finance committee thereon.

The council may overrule or sustain the objections of the city auditor to said demand, and its action shall be endorsed thereon, certified by the signatures of the

president of the council and city clerk, and the demand shall thereupon be returned to the city auditor. If the action of the council is to approve the demands of the city auditor to said demand, he shall make a record of the demand as in the case of demands approved by him; if the action of the council be to sustain the objections of the city auditor thereto, he shall file said demand.

Sec. 221. All demands against the fund for the support or maintenance of the office of the city auditor shall, before payment, be examined by the mayor, who shall have the same powers as to the approval or disapproval thereof as are conferred by the city auditor in the case of other demands. The power of the mayor with respect thereto shall be subject to review by the council, on remonstrance provided.

Sec. 222. No demand can be approved by any board or officer or auditor, unless it specify each several item with the date and amount thereof.

Sec. 222a. No payment can be made from the city treasury, or out of the public funds of said city, unless the same be lawfully collected by one of the officers or, nor unless the demand which is paid be duly audited as in this chapter provided. The term "audited," as used in this chapter with reference to demands from the treasury, is to be construed to mean that said demands have been examined, passed upon and approved by every officer, board, commission or board of officers in this charter, or that the objections of the city auditor have not been sustained, as being provided, and this must appear upon the face of the paper representing the demand, or else it is not audited; provided that the approval or rejection in whole or in part of a demand by the committee on finance of the council is a sufficient audit in the treasury, and the rejection by said committee of a demand in whole or in part does not in itself prevent its being duly audited.

Sec. 222b. No demand upon the treasury shall be allowed by the city auditor in favor of any person or officer in any manner violating thereto without first depositing the amount of such indebtedness with the proper or other person having the lawful custody of or disbursement of public funds, unless such amount has been duly accounted, passed, approved and allowed, as provided by law in this charter, and in favor of any officer who shall have neglected to make an official report on his expense in writing in the manner and at the time required by law in this charter, or by the ordinances or regulations made in pursuance thereof, and in any other case that have neglected or refused to comply with any of the provisions of any statute or ordinance of the city, or any act or law regulating the duties of such officer, on being required in writing to comply therewith by the auditor or the president of the council or the city auditor, not in favor of any officer who has time to spend have absented himself, without having cause, from the duties of his office during the office hours prescribed by this charter or by ordinance, and the city auditor shall examine any officer receiving a salary from the treasury or from persons or such absence.

Sec. 222c. The city auditor must keep a record of all demands on the treasury approved by him, or his objections to which have been overruled, stating the amount, date, amount, and name of the party thereon, when money is given, and any of what funds payable, and it shall be a misdemeanor for any person to refuse to deliver any demand with his approved thereon or otherwise, until this chapter has been complied with.

Sec. 222d. Every lawful demand upon the treasury, duly audited, as in this charter required, shall in all cases be paid on presentation and receipt, and the proper entry thereof be made, if there be sufficient money in the treasury belonging to the fund out of which it is payable; but if there be not sufficient money belonging to said fund to pay such demand, then it shall be registered in a book to be kept by the treasurer for that purpose, showing its number when presented, date, amount, name of the payee, and on what account amount and out of what fund payable; and being so registered, shall be returned to the party presenting it, with an endorsement of the word "registered," dated and signed by the city treasurer. All registered demands shall be payable in the order of their registration.

Sec. 222e. Nothing in this article contained shall be construed as interfering with or preventing the payment by the city treasurer on bonds of the city of Los Angeles, and the interest coupons thereon, in accordance with the constitution, laws and ordinances authorizing the issuance of said bonds.

Sec. 222f. All public moneys collected by any officer or commission of the city shall be paid into the city treasury, without any deduction or amount of any other for fees, commissions or any other dues, or interest, and the commission of any officer, employee or other person so collecting money, shall be paid by demands on the treasury, duly audited as other demands are audited, and paid.

Sec. 222g. No suit shall be brought on any claim for money or damages against the city of Los Angeles, its board of education, board of directors of the Los Angeles public library, board of public works, or board of public service commissioners, or any officer or board or commission of the city, until a demand for the same has been presented, as herein provided, and rejected in whole or in part. If rejected in part, suit may be brought to recover the whole. Nor shall suit be brought against said city, or any board, officer or commission thereof upon any claim or demand that has been in whole approved and audited as provided herein, provided

that nothing herein contained shall be construed so as to deprive the holder of any demand of his right to resort to writ of mandamus or other proceeding against the city council, or any board, commission or officer of said city, to compel it or him to act upon such claim or demand, or to pay the same when so audited.

CHARTER AMENDMENT NUMBER NINE.

That Section 261 of the charter be amended to read as follows:

Sec. 261. It shall be unlawful to sell, convey, alienate, transfer or lease any part of the water front, tide lands, submerged lands, or appurtenances thereunto belonging, owned or held by, or in the possession or under the control of the city of Los Angeles, or any borough therein, unless thereunto authorized by two thirds of the qualified voters of the city voting at a general or special election at which such proposition shall have been submitted: *provided*, that whenever the city of Los Angeles shall have acquired the ownership, or control and possession, of more than ten thousand feet (linear measurement) of water frontage, and the co-terminous and adjacent tide and submerged lands upon the water front, as fixed by the government harbor lines upon the navigable waters of Los Angeles harbor, formerly known as the outer or inner harbor of San Pedro, not including water frontage upon any island, or breakwater, nor water frontage held by any borough, nor any water frontage created by the construction of channels by any person, firm or corporation other than the United States, the city of Los Angeles may grant, by ordinance, to any person, firm or corporation wharf franchises and warehouse and other privileges and permits to use the water frontage in excess of said ten thousand feet, so owned or controlled by the city, for periods not exceeding fifteen years on alternate frontages upon said harbor, not exceeding two thousand feet in a body, with the adjacent and coterminous tide or submerged lands necessary for such purposes as determined by ordinance. Said ten thousand feet, and each alternate two thousand feet of such excess water frontage upon said harbor, together with the adjacent and coterminous tide and submerged lands shall be reserved for public use, as aforesaid: *provided, however*, that whenever it shall be determined by the city of Los Angeles, by ordinance, or by other proper legal authority, that any part of such tide or submerged lands not nearer than three hundred feet to navigable waters are no longer required for public use, by reason of their remoteness from the harbor lines, as now or as hereafter established, such tide or submerged lands may be subdivided into lots and blocks, or otherwise, with streets or other public ways leading to the water front, and with such other streets or other public ways as may be established therein and may be leased by the board of harbor commissioners, subject to approval by ordinance, if there be such board, otherwise by the council, and in any event subject to the referendary provisions of this charter, for periods not exceeding thirty years; but in all cases where either franchises or privileges are granted or permits issued, or such tide or submerged lands leased, the same shall be granted, issued or leased, as the case may be, to the highest bidder, and after publication of notice for not less than ten days. In case of any grant of franchise or privilege, or the issuance of any permit under this section, the same shall, at all times be granted or issued upon the condition, whether expressed therein or not, that the wharves, docks, warehouses or other works or structures provided for therein shall, if not already constructed, be completed within three years from the date of such franchise, privilege or permit, and all such franchises, privileges or permits, shall provide for the payment to the city of either an annual rental or a percentage of the gross annual receipts, received from the use, operation or possession of the franchise, privilege or permit, or both such rental and percentage. Every such franchise, privilege or permit shall contain a condition that in case the same, or the property, or any part thereof embraced therein, shall be transferred or subleased, or the control thereof be given or granted to any person, firm or corporation, so that such person, firm or corporation shall then own, hold or control, under franchises, privileges or permits, granted or issued by the city of Los Angeles, more than two thousand feet of said water frontage, upon any part of said Los Angeles harbor, then such grant, privilege or permit, and all rights thereunder, shall thereupon and thereby be absolutely terminated. Every franchise, privilege or permit granted or issued hereunder, shall be subject at all times to all rights of way over tide or submerged lands embraced therein for such public sewers, pipe lines, conduits, electric lines, highways, streets, street or other railroads, as may from time to time be determined by the council. Whenever application shall be made for the lease of any part of such tide or submerged lands, that may be no longer required for public use, as aforesaid, an open bid shall accompany the same, and notice thereof shall be given by publication for not less than ten days in a daily newspaper printed, published and circulated in said city. At any time within thirty days after the last publication of such notice, any person, firm or corporation may make an open bid for the lease of such property. Upon the expiration of such thirty days, the board of harbor commissioners, if there be such board, or if not, then the council, in open session, may lease such land to the highest bidder therefore or then bidding, or refuse so to do. Every lease of tide or submerged lands no longer required for public use, shall provide for readjustment of rental every

ten years during the period of such lease. The procedure for such readjustment shall be specified in such lease, but in no case shall such readjustment decrease the amount of rental.

In any case, where the city of Los Angeles, or its predecessors in interest or authority, shall have granted or issued any franchise or license or any franchise purporting to be such, to any person, firm or corporation, the latter, from railroads, and submerged lands covered thereby, shall not be deemed to be entitled to grants for such purposes by the city of Los Angeles under this section until such franchise or permit shall have been renewed or otherwise purchased, and until the city of Los Angeles shall have regained possession of such property.

COMMITTEE SUBSTITUTE FOR SENATE CONSTITUTIONAL AMENDMENT NO. 48

A resolution proposing to the people of the State of California an amendment to the Constitution of the State of California, by adding a new section to Article XI thereof to be known and designated as section seven and one half of said Article XI of the Constitution of the State of California, reading as follows: "The powers conferred on such charters, and to the supervisor thereof."

The Legislature of the State of California, at its thirty-third regular session, commencing on the second day of January, 1911, and made at all the sessions called to each of the two houses of said Legislature, during the same session, that a new section be added to Article XI of the Constitution of the State of California, to be known and designated as section seven and one half of Article XI of the Constitution of the State of California, and to read as follows:

Section 7 1/2. Any county duly having a charter law has such government independent with and subject to the Constitution, and having found such a charter, may frame a new one, relating to the matters mentioned in this section, special and general, by causing a board of fifteen freeholders, and forty more, or at least four hundred, qualified electors thereof, to be elected by the qualified voters of said county, at a general or special election. Said board of freeholders may be selected by proclamation of an ordinance adopted by the vote of three-fifths of all the members of the board of supervisors of such county, declaring that the public interest requires the creation of such board for the purpose of preparing and proposing a charter for said county, or in pursuance of a petition of qualified voters of said county as hereinafter provided. Such petition, signed by fifteen per centum of the qualified voters of said county, computed upon the total number of votes cast thereat for all candidates for Governor at the last preceding general election at which a Governor was elected, praying for the election of a board of fifteen freeholders to prepare and propose a charter for said county, may be filed in the office of the county clerk. It shall be the duty of said county clerk, within twenty days after the filing of said petition, to examine the same, and to ascertain from the board of the registration of voters of the county, whether said petition is signed by the requisite number of qualified electors. If required by said clerk, the board of supervisors shall authorize him to employ persons specially to assist him in the work of examining such petition, and shall provide for their compensation. Upon the completion of such examination, said clerk shall forthwith attach to said petition, his certificate, properly dated, showing the result thereof, and if, by said said certificate, it shall appear that said petition is signed by the requisite number of qualified electors, said clerk shall immediately present said petition to the board of supervisors, if it be in session, otherwise at its next regular meeting after the date of such certificate. Upon the adoption of such ordinance, or the presentation of such petition, said board of supervisors shall order the holding of a special election for the purpose of electing such board of freeholders, which said special election shall be held not less than twenty days nor more than sixty days after the adoption of the ordinance aforesaid or the presentation of said petition to said board of supervisors, provided, that if a general election shall occur in said county not less than twenty days nor more than sixty days after the adoption of the ordinance aforesaid, or such presentation of said petition to said board of supervisors, said board of freeholders may be elected at such general election. Candidates for election as members of said board of freeholders shall be nominated by petition, substantially in the same manner as may be provided by general law for the

nomination, by petition of electors, of candidates for county officers, to be voted for at general elections.

It shall be the duty of said board of freeholders, within one hundred and twenty days after the result of such election shall have been declared by said board of supervisors, to prepare and propose a charter for said county, which shall be signed in duplicate by the members of said board of freeholders, or a majority of them, and be filed, one copy in the office of the county clerk of said county and the other in the office of the county recorder thereof. Said board of supervisors shall thereupon cause said proposed charter to be published for at least ten times in a daily newspaper of general circulation, printed, published and circulated in said county; *provided*, that in any county where no such daily newspaper is printed, published and circulated, such proposed charter shall be published for at least three times in at least one weekly newspaper, of general circulation, printed, published and circulated in such county; *and provided*, that in any county where neither such daily nor such weekly newspaper is printed, published and circulated, a copy of such proposed charter shall be posted by the county clerk in three public places in said county, and on or near the entrance to at least one public schoolhouse in each school district in said county, and the first publication or the posting of such proposed charter shall be made within fifteen days after the filing of a copy thereof, as aforesaid, in the office of the county clerk. Said proposed charter shall be submitted by said board of supervisors to the qualified electors of said county at a special election held not less than thirty days nor more than sixty days after the completion of such publication, or after such posting; *provided*, that if a general election shall occur in said county not less than thirty days nor more than sixty days after the completion of such publication, or after such posting, then such proposed charter may be so submitted at such general election. If a majority of said qualified electors voting thereon at such general or special election, shall vote in favor of such proposed charter, it shall be deemed to be ratified, and shall be forthwith submitted to the Legislature, if it be in regular session, otherwise at its next regular session, or it may be submitted to the Legislature in extraordinary session, for its approval or rejection as a whole, without power of alteration or amendment. Such approval may be made by concurrent resolution, and if approved by a majority vote of the members elected to each house, such charter shall become the charter of such county and shall become the organic law thereof relative to the matters therein provided, and supersede any existing charter framed under the provisions of this section, and all amendments thereof, and shall supersede all laws inconsistent with such charter relative to the matters provided in such charter. A copy of such charter, certified and authenticated by the chairman and clerk of the board of supervisors under the seal of said board and attested by the county clerk of said county, setting forth the submission of such charter to the electors of said county, and its ratification by them, shall, after the approval of such charter by the Legislature, be made in duplicate, and filed, one in the office of the Secretary of State and the other, after being recorded in the office of the recorder of said county, shall be filed in the office of the county clerk thereof, and thereafter all courts shall take judicial notice of said charter.

The charter, so ratified, may be amended by proposals therefor submitted by the board of supervisors of the county to the qualified electors thereof at a general or special election held not less than thirty days nor more than sixty days after the publication of such proposals for ten times in a daily newspaper of general circulation, printed, published and circulated in said county; *provided*, that in any county where no such daily newspaper is printed, published and circulated, such proposed charter shall be published for at least three times in at least one weekly newspaper, of general circulation, printed, published and circulated in such county; *provided*, that in any county where neither such daily nor such weekly newspaper is printed, published and circulated, a copy of such proposed charter shall be posted by the county clerk in three public places in said county, and on or near the entrance to at least one public schoolhouse in each school district in said county. If a majority of such qualified electors voting thereon, at such general or special election, shall vote in favor of any such proposed amendment or amendments, or any amendment or amendments shall be deemed to be ratified, and shall be forthwith submitted to the Legislature, if it be in regular session, otherwise at its next regular session, or may be submitted to the Legislature in extraordinary session, for approval or rejection as a whole, without power of alteration or amendment, and if approved by the Legislature, as herein provided for the approval of the charter, such charter shall be amended accordingly. A copy of such amendment or amendments shall, after the approval thereof by the Legislature, be made in duplicate, and shall be authenticated, certified, recorded and filed as herein provided for the charter, and with like force and effect. Whenever a petition signed by ten per centum of the qualified electors of any county, computed upon the total number of votes cast in said county for all candidates for Governor at the last general election, at which a Governor was elected, is filed in the office of the county clerk of said county, petitioning the board of supervisors thereof to submit any proposed amendment or amendments to the charter of such county, which amendment or amendments shall be set forth in full in such petition, to the qualified electors thereof, such petition shall forthwith be examined

and certified by the county clerk, and if signed by the majority number of qualified electors of such county, shall be presented to the said board of supervisors, by the said county clerk, as hereinafter provided for purposes for the election of boards of freeholders. Upon the presentation of said petition by said board of supervisors, said board must submit the proposition or propositions so made, either to the qualified electors of said county at a general or special election held not less than thirty days nor more than sixty days after the submission of petition or petitions proposed amendment or amendments to the same manner as hereinafter provided in the case of the submission of any proposed amendment or amendments to such charter, proposed and submitted by the board of supervisors. In connection with such charter, or amendments thereto, any descriptive written or proposition may be presented for the choice of the electors, and may be read in separate distinct proposition to others.

Every special election held under the provisions of this section, for the election of boards of freeholders or for the submission of proposed amendments to any charter, amendment or amendments thereto, shall be called by the board of supervisors, at a meeting, which shall specify the precise date and time of said election and shall establish the election precincts and designate the polling places thereon, and the time of the election officers for each such precinct. Such notices, given to each precinct, shall be published five times in a daily newspaper, or twice in a weekly newspaper, if there be no such daily newspaper, printed, published and circulated in said county; provided that if no such daily or weekly newspaper be printed or published in said county, then a copy of said notices shall be given by the county clerk to each public place in such county, and to be so given the notices to at least one public schoolhouse in each school district therein. In all other counties, every election thereon shall be held and conducted, the notices thereof announced, and the election thereof declared by the board of supervisors in the same manner as provided by law for general elections. Whenever boards of freeholders shall be elected, or any proposed charter, or amendment or amendments thereto submitted, at a general election, the general laws applicable to the election of county officers and the submission of propositions to the vote at elections, shall be observed so far as the same may be applicable thereto.

It shall be competent, in all charters, framed under the authority given by this section to provide, in addition to any other provisions allowable by this Constitution, and the same shall provide for the following matters:

The Legislature may also, by general laws, provide for the consolidation into one municipal government, with one set of officers, and the municipal powers of a city and of a county, and with a common prison and school system, after provided, of city and county territory within the various unincorporated city or cities, or within such territory and cities, to be included in such consolidated city and county, or parts thereof be situated in different counties. The territory to be so included shall be contiguous, and shall contain a population of at least ten thousand, as determined by the last preceding United States census. No city shall be divided by any such annexation or consolidation, but shall any part of the territory of a county be annexed to, or be consolidated with, or be included in any city and county in such manner that the remaining territory of such county shall completely surround such city and county, it shall not be contiguous to said county, a population of less than eight thousand, but this shall not be construed so as to prevent the annexation to consolidation, such as annexation to the city and county of an entire county. The Legislature, in providing for the formation of a new city and county by consolidation, shall provide for the election or appointment of a board of freeholders, with qualifications as prescribed by the Legislature, to prepare and propose a charter for the government of such city and county, and shall also provide for the submission thereof to the qualified electors within the territory to be included therein, for ratification or rejection. No city or unincorporated territory shall be included in any proposed consolidation of city and county, or be consolidated with any existing city and county, without the consent of a majority of the qualified electors of such city or territory, and of the whole of such county containing such city or any part of such territory, voting in the proposition, at an election at which such proposition shall be submitted, save in the case of a proposed consolidation of city and county governments with a charter therefor, as above provided, unless a majority of the qualified electors of such city, and also of the unincorporated territory, if any, to be included therein, voting thereon at such election, shall also ratify such proposed charter, which shall be submitted at such election. If such proposed consolidation of city and county governments be approved and the proposed charter therefor be ratified as above provided, such proposed charter shall thereupon be submitted to the Legislature for approval or rejection as a whole, without power of amendment or amendment, and the provisions of section eight of this article respecting the manner and effect of the approval by the Legislature, of charters therein mentioned, shall, so far as applicable, apply to charters prepared under the authority of this section. Any freeholders' charter framed under the authority of this Constitution for the government of a city and county may provide for the establishment and dissolution of a borough system of government, within any part of the territory included or to be included, in such city and county, with such special municipal powers as such charter may provide. Every charter framed under this section shall provide for the payment of all debts and liabilities of each city consolidated in the city and county to be governed thereby, outstanding at the date of such consolidation, and prescribe the territory in any such city and county within which taxes shall be levied and collected for the payment thereof. No property in any territory within the limits of any city and county enlarged by consolidation, under the provisions of this section, shall ever be taxed for the payment of any municipal indebtedness or liability, outstanding at the date of such consolidation and for the payment of which the property in such territory was not, prior to such consolidation, subject to taxation, unless, at the election at which such consolidation was authorized, there shall have been submitted to the qualified electors of such territory the proposition that such consolidation and the taxation of such property for the payment of such indebtedness or liability, be approved, and the same shall have been approved by a majority of such electors, voting at such election. The legislative body of such city and county shall provide for the payment of all debts and liabilities of each city so consolidated therein, and shall levy and collect the necessary taxes therefor. The provisions of this Constitution applicable to cities, and also those applicable to counties, so far as not inconsistent or prohibited to cities, shall be applicable to such consolidated governments. The provisions of this article as to the removal of county seats and the formation of

new counties shall not apply to the formation, or to the extension of the territory, of such consolidated cities and counties. The Legislature shall enact such laws as shall be necessary, to provide for the proper conduct of the affairs of any city and county formed under the authority of this section, until the organization thereof under its charter; and to prevent an interruption of the government of any county from which territory is taken for the formation or enlargement of any city and county, and, in case the county seat of any such county is included in the territory so taken, to provide for the establishment of a new county seat in such county; and to provide for the holding of superior and inferior courts, and the territorial jurisdiction thereof, in any such county or city and county, until otherwise provided for by law.
